MUSCULATURA DEL TRONCO

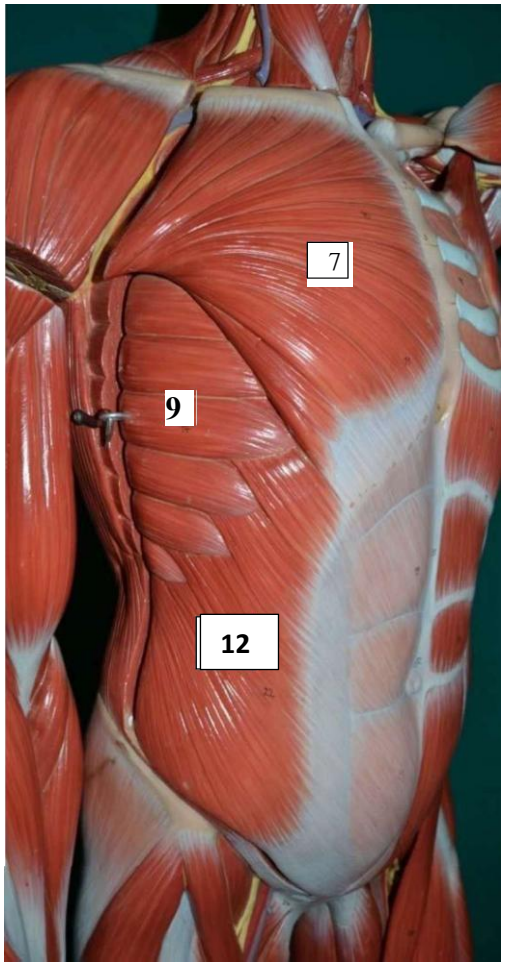

Tronco: espalda

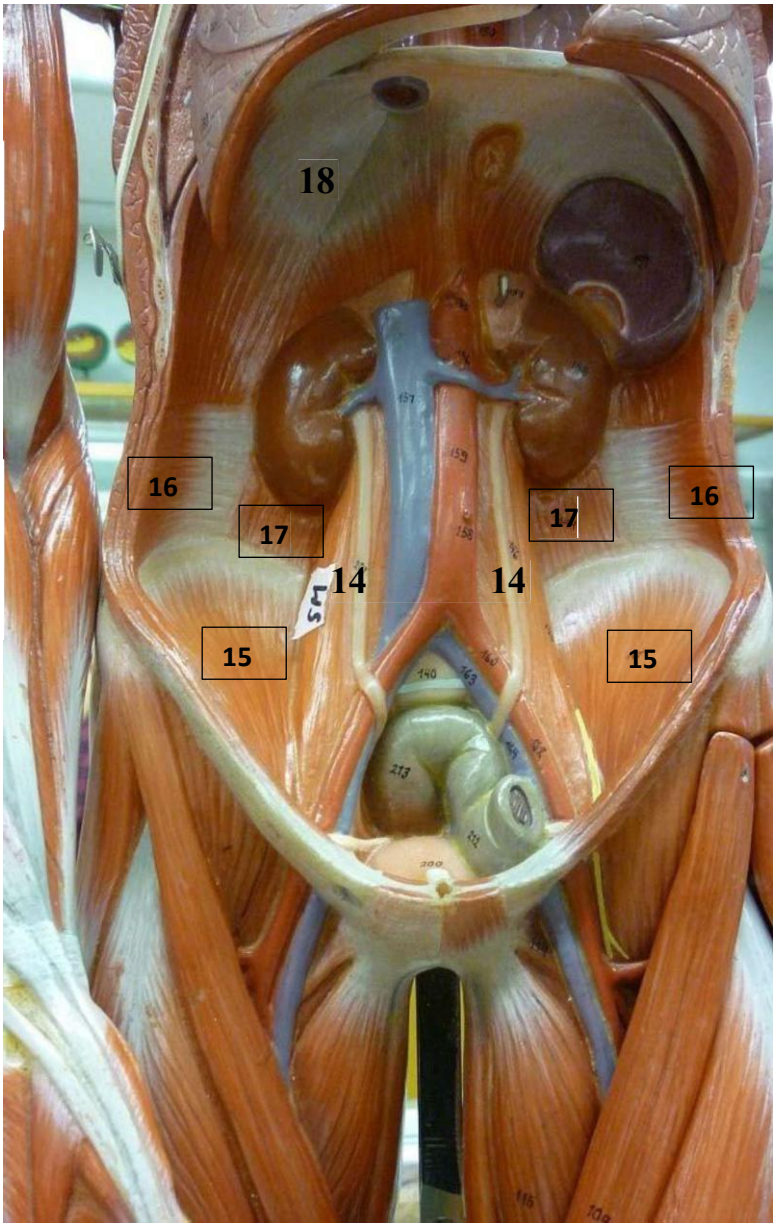

Tronco: visión anterior

Tronco: visión lateral

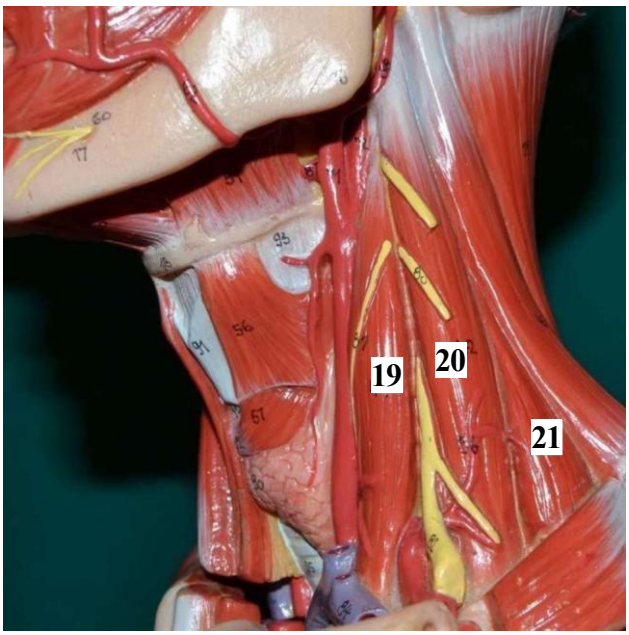

Cavidad abdominal

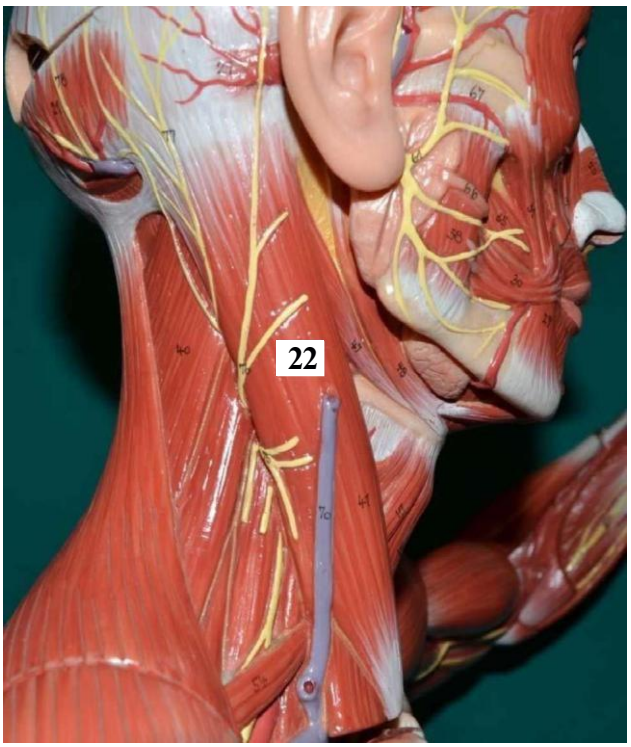

MUSCULATURA DEL CUELLO

Cuello: visión lateral izquierda

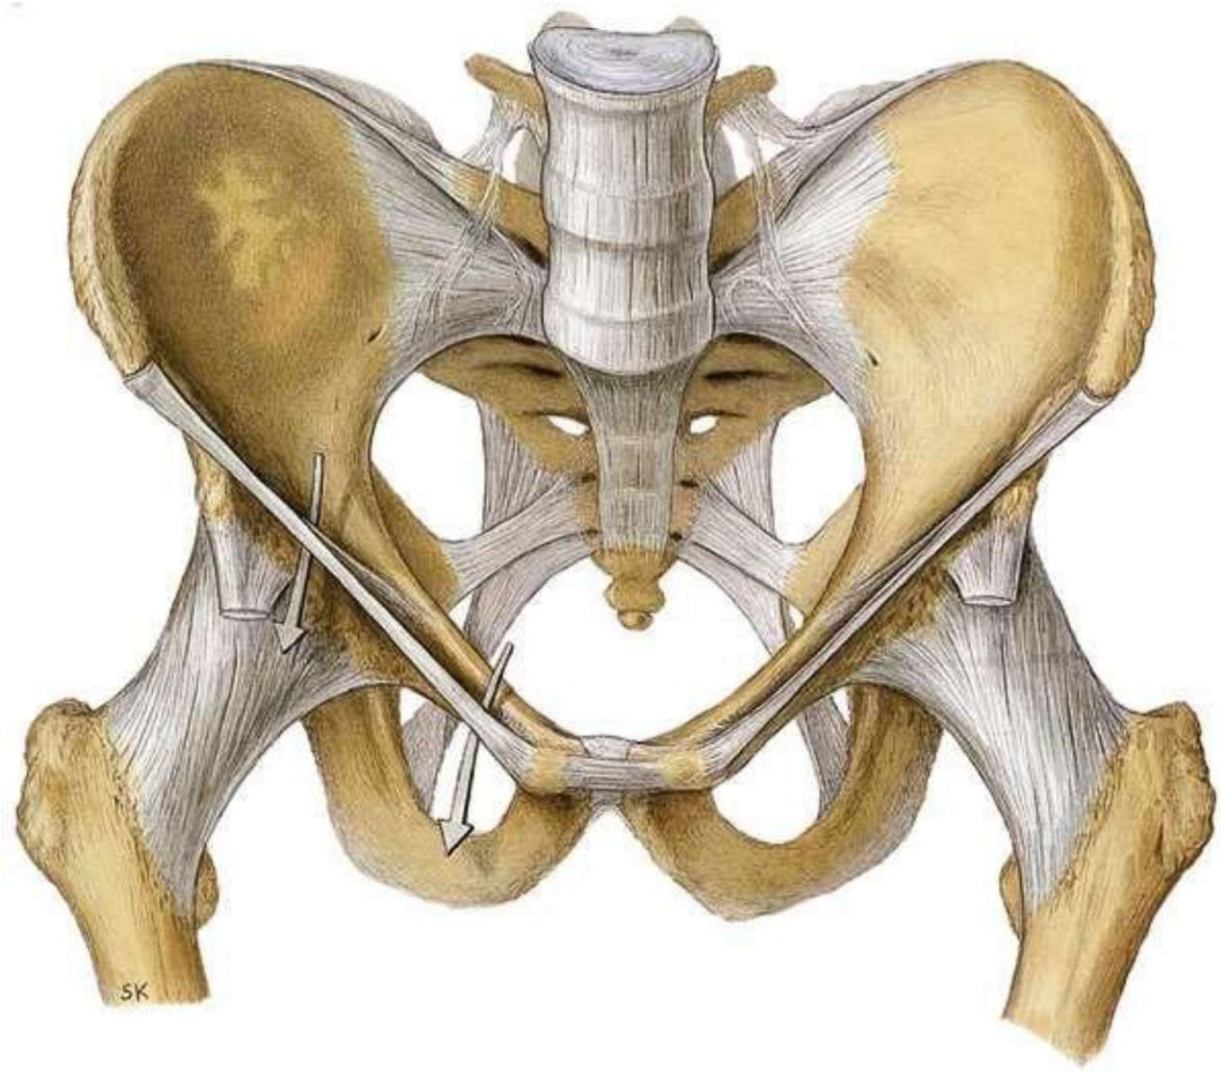

Cuello: visión lateral derecha

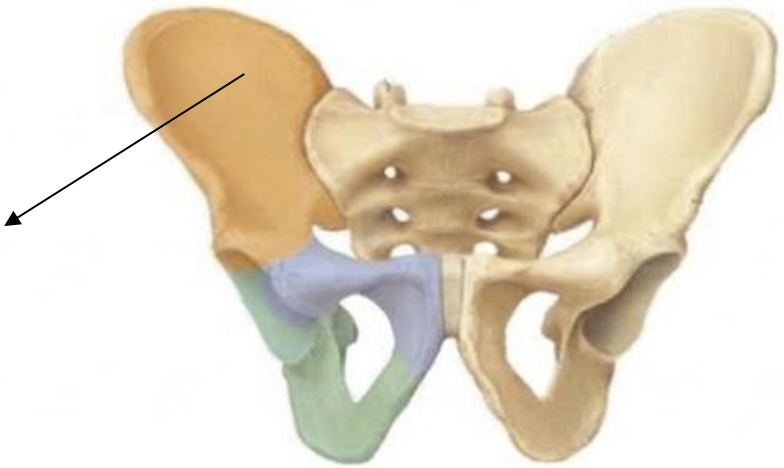

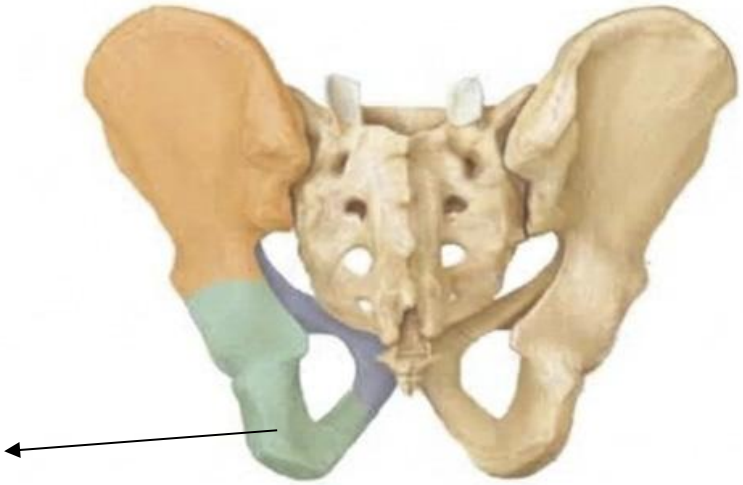

ANATOMÍA HUMANA

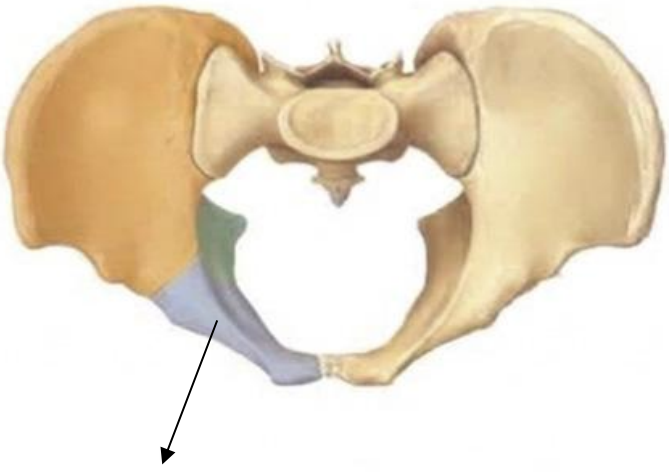

MANUAL DE PRÁCTICAS

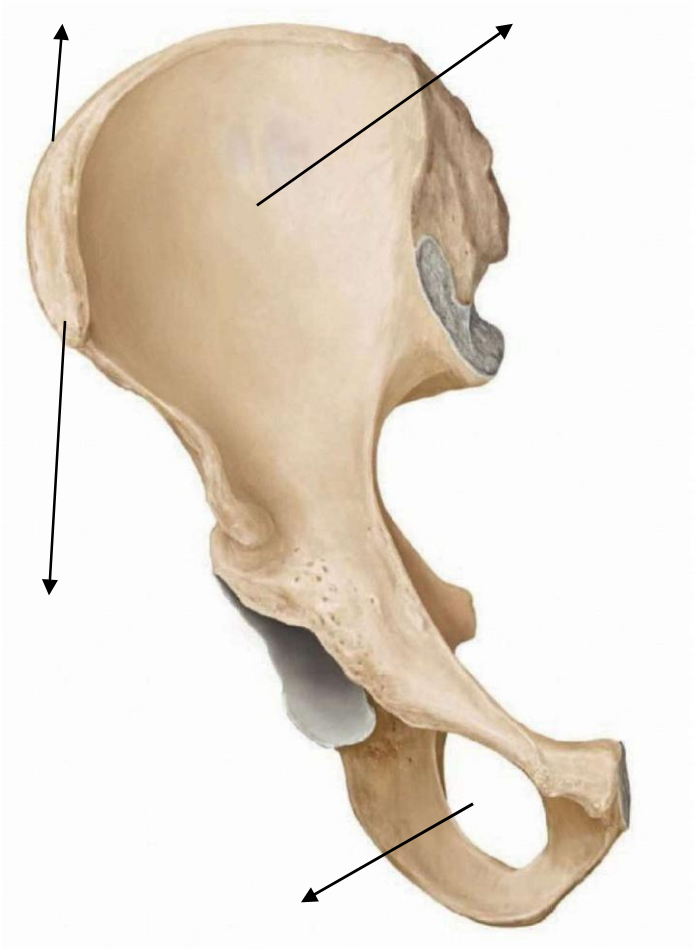

PRÁCTICA 3: OSTEOLOGÍA DE MIEMBRO INFERIOR

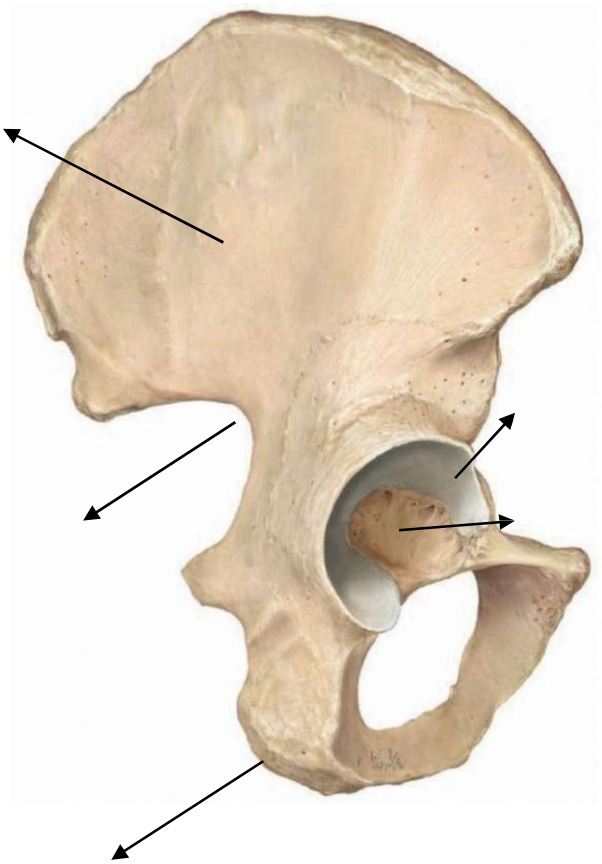

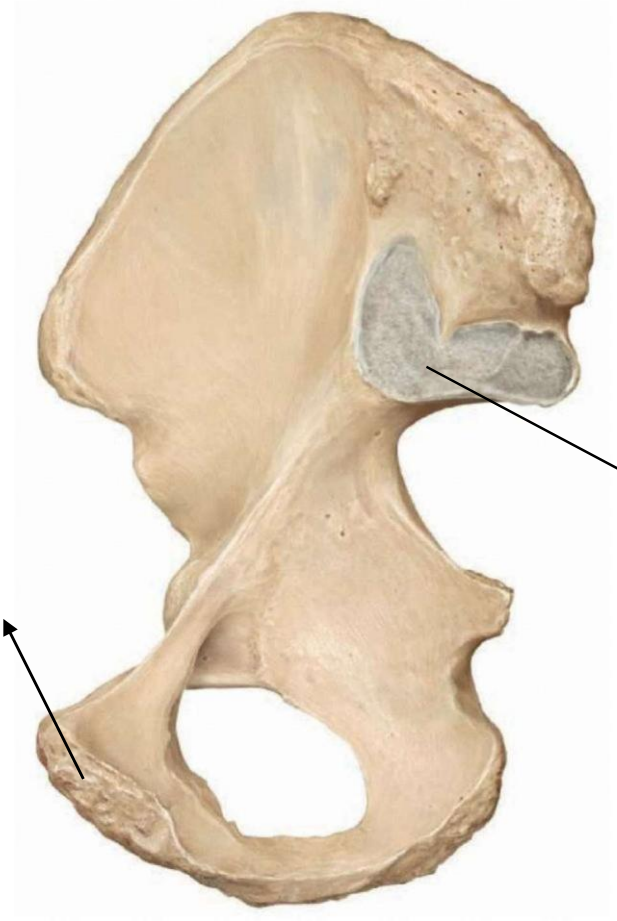

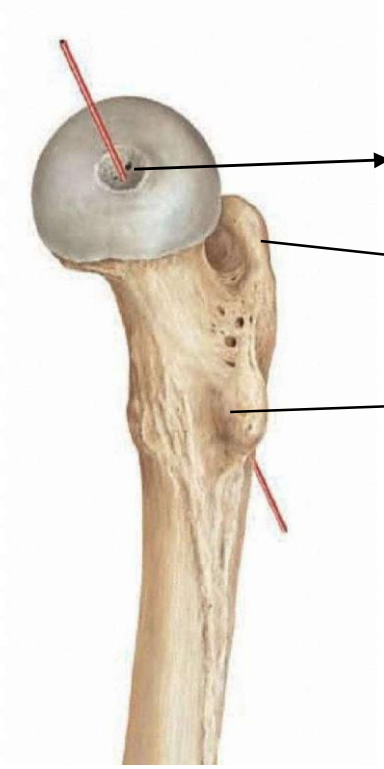

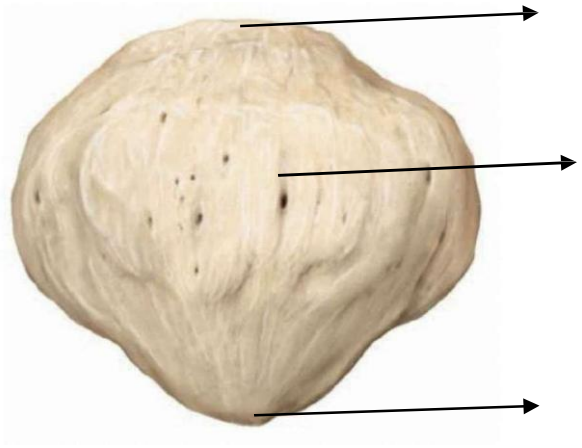

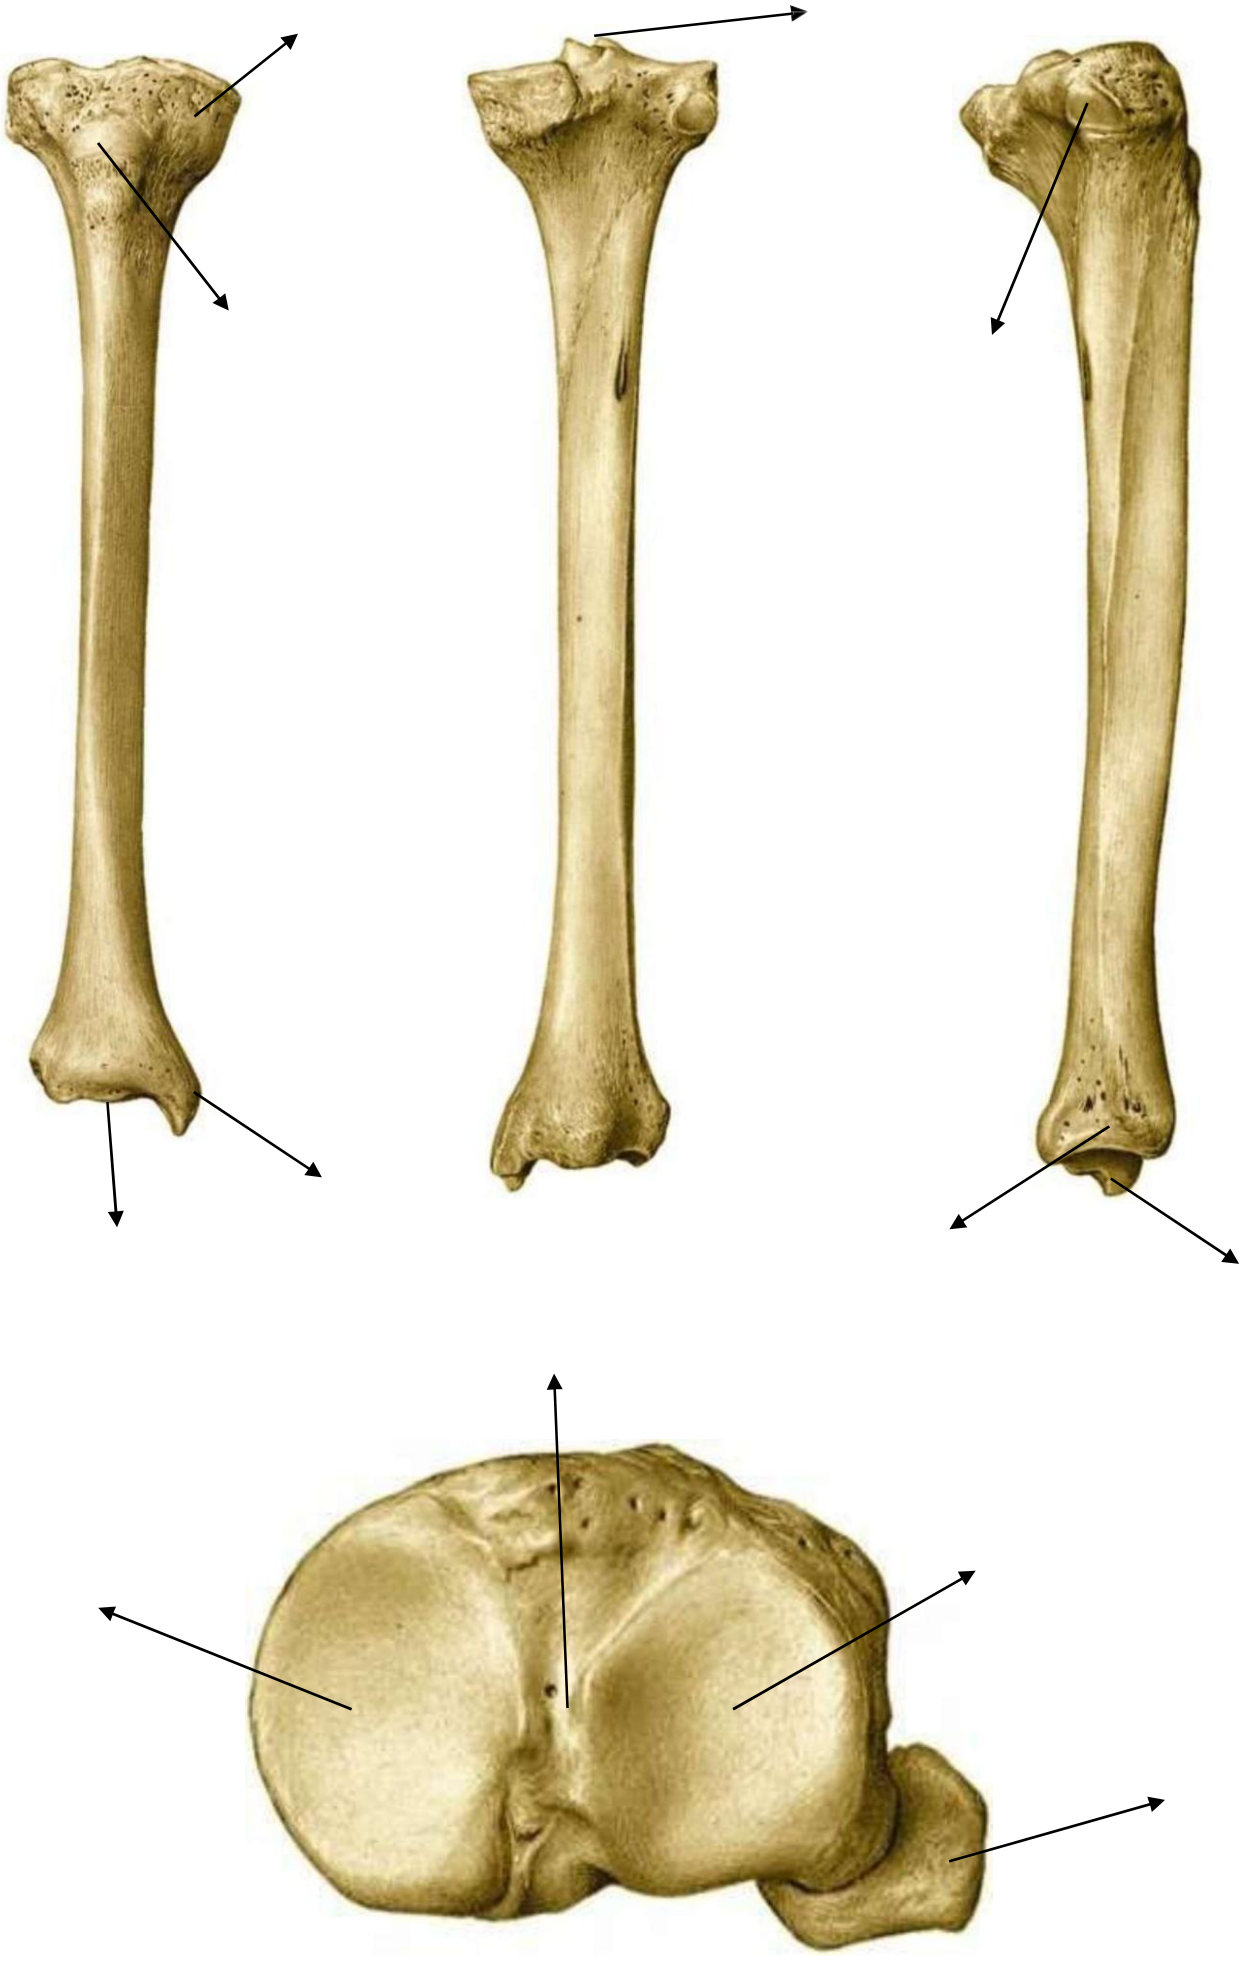

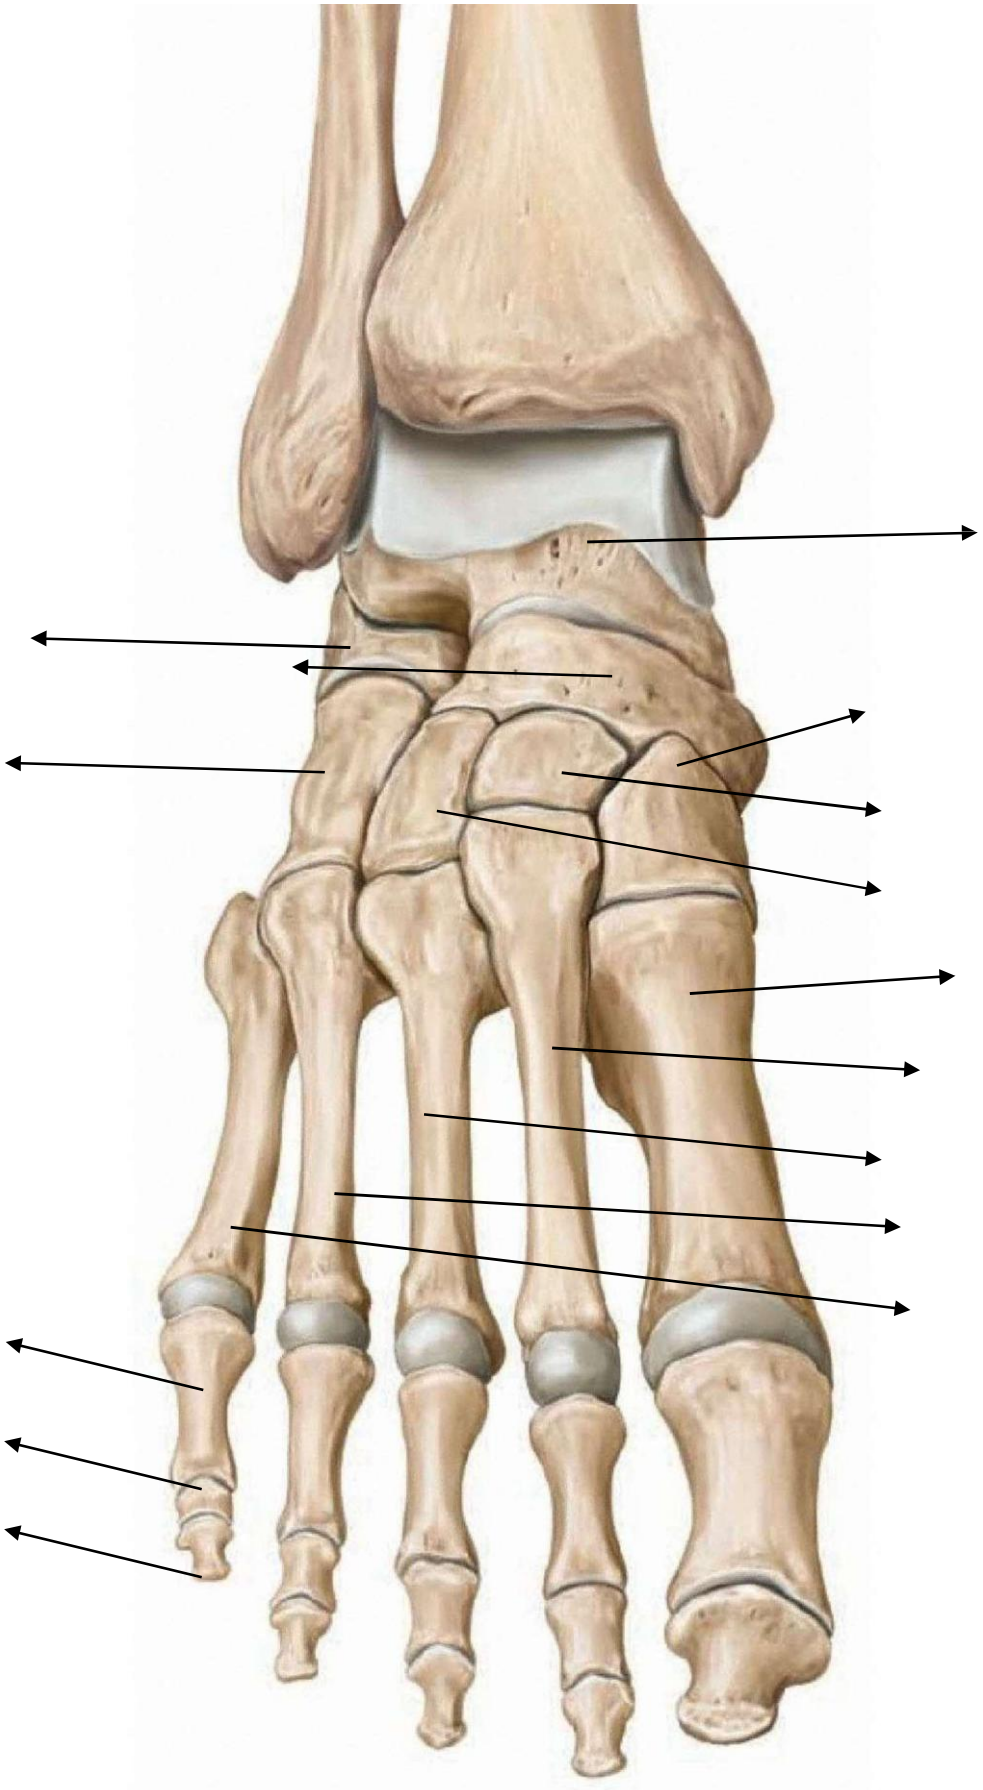

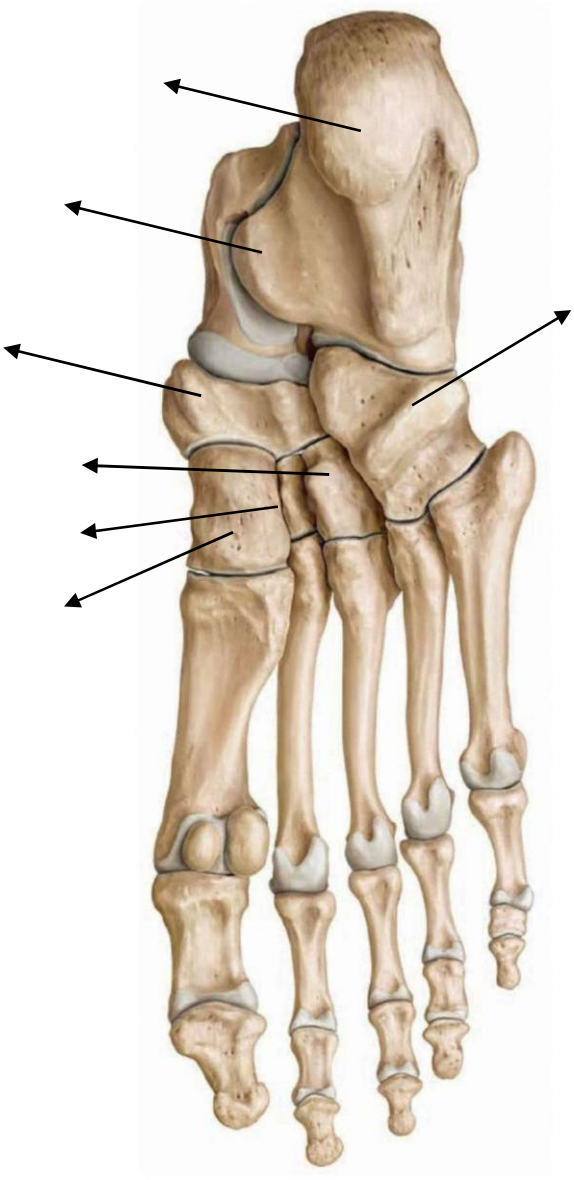

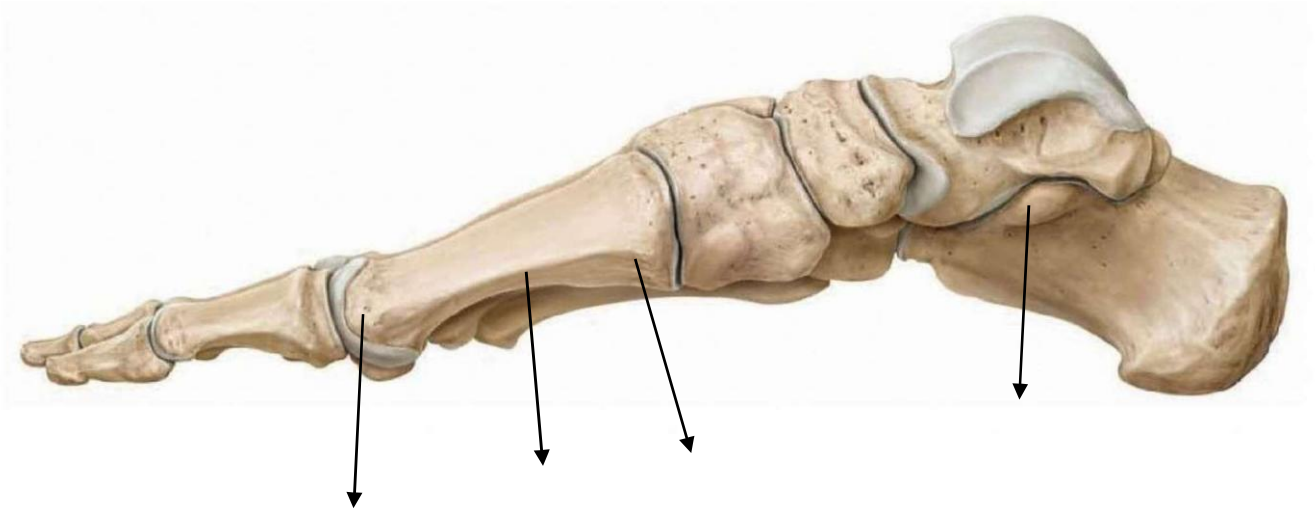

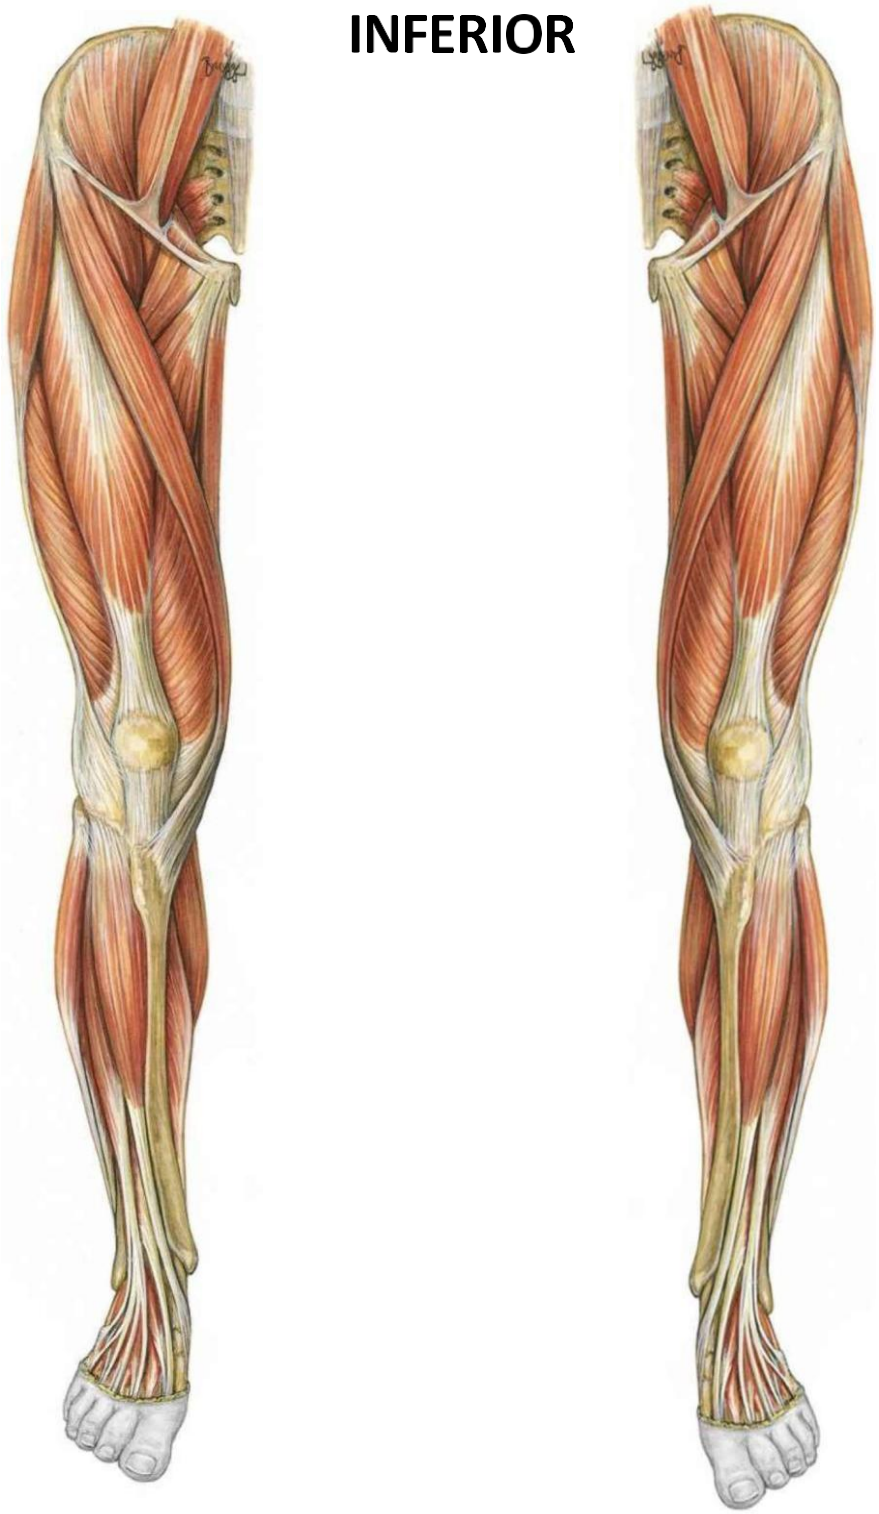

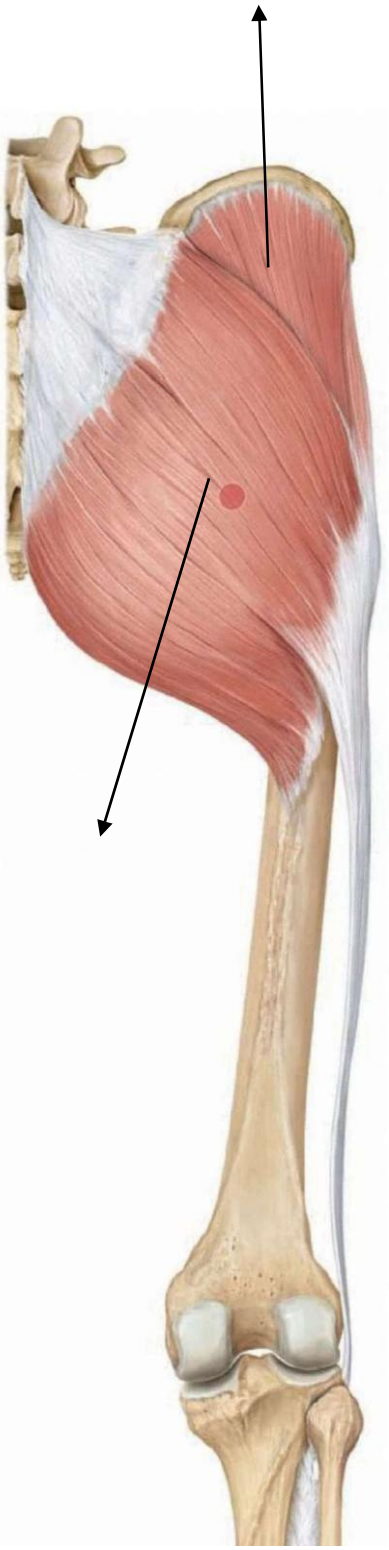

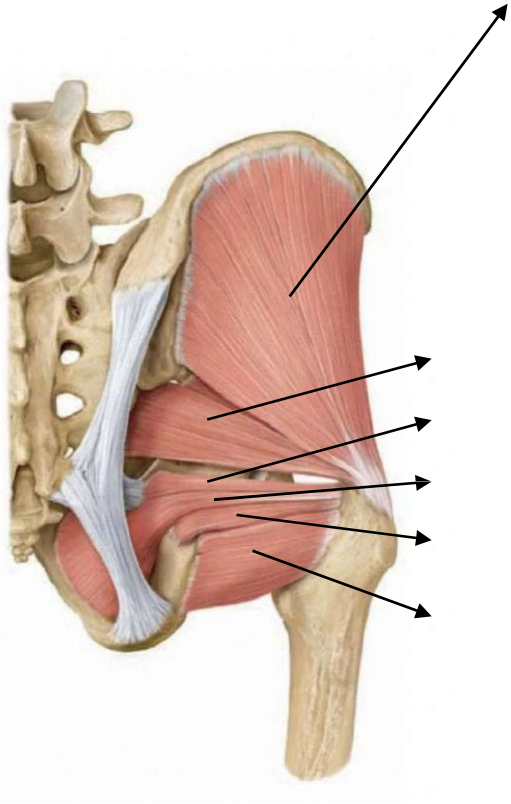

ANATOMÍA HUMANA

MANUAL DE PRÁCTICAS

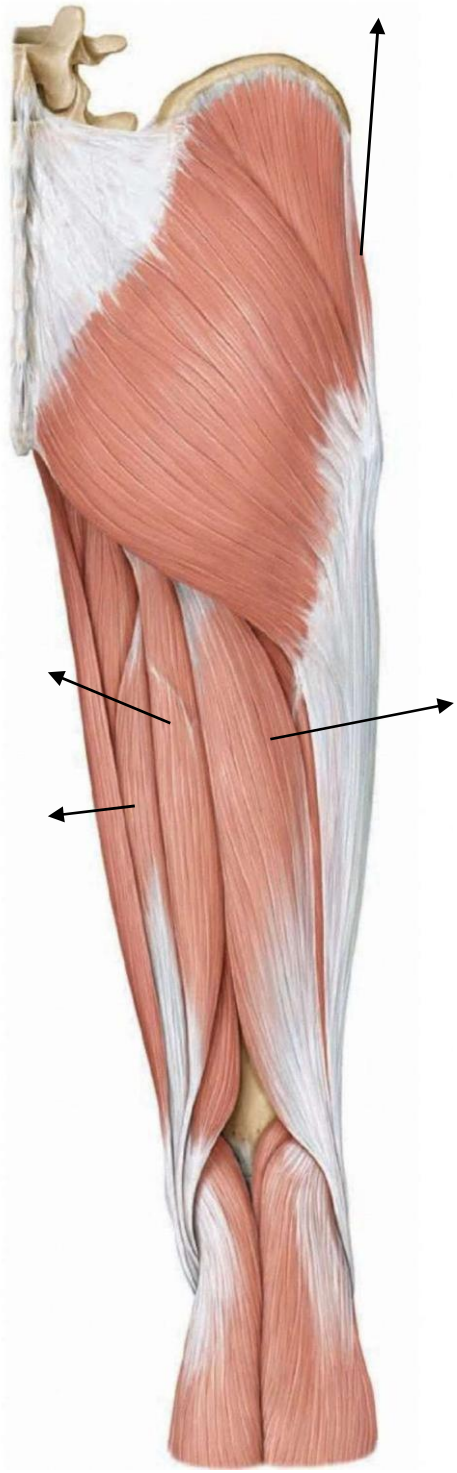

PRÁCTICA 4 MIOLOGÍA DE MIEMBRO INFERIOR

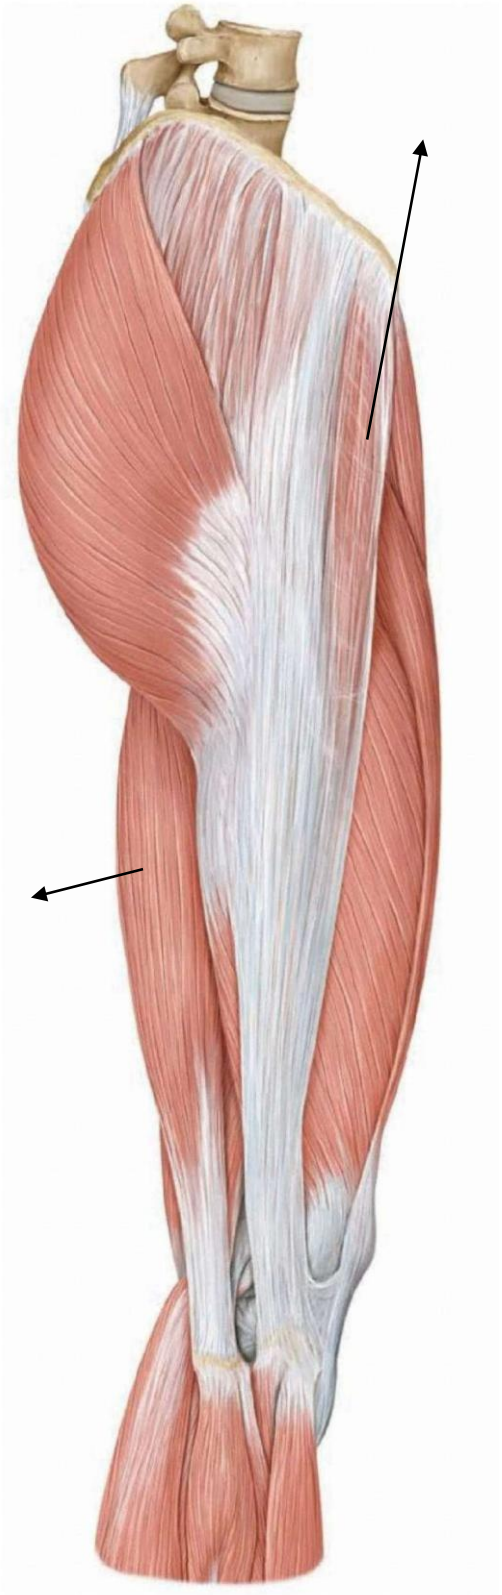

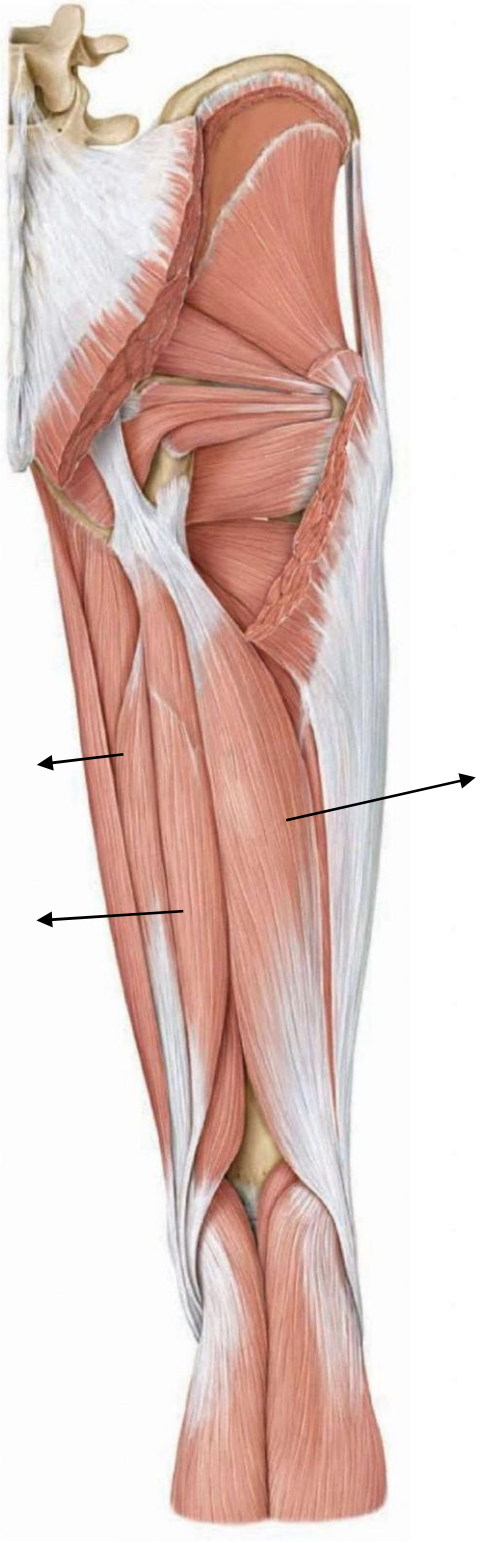

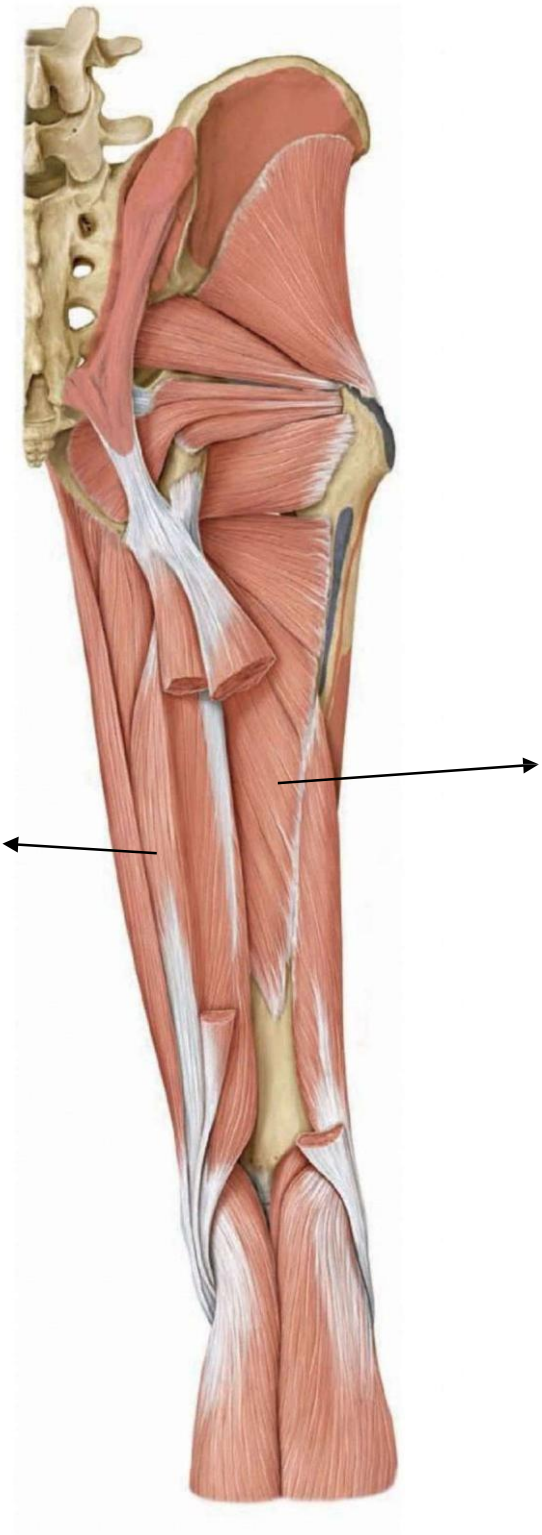

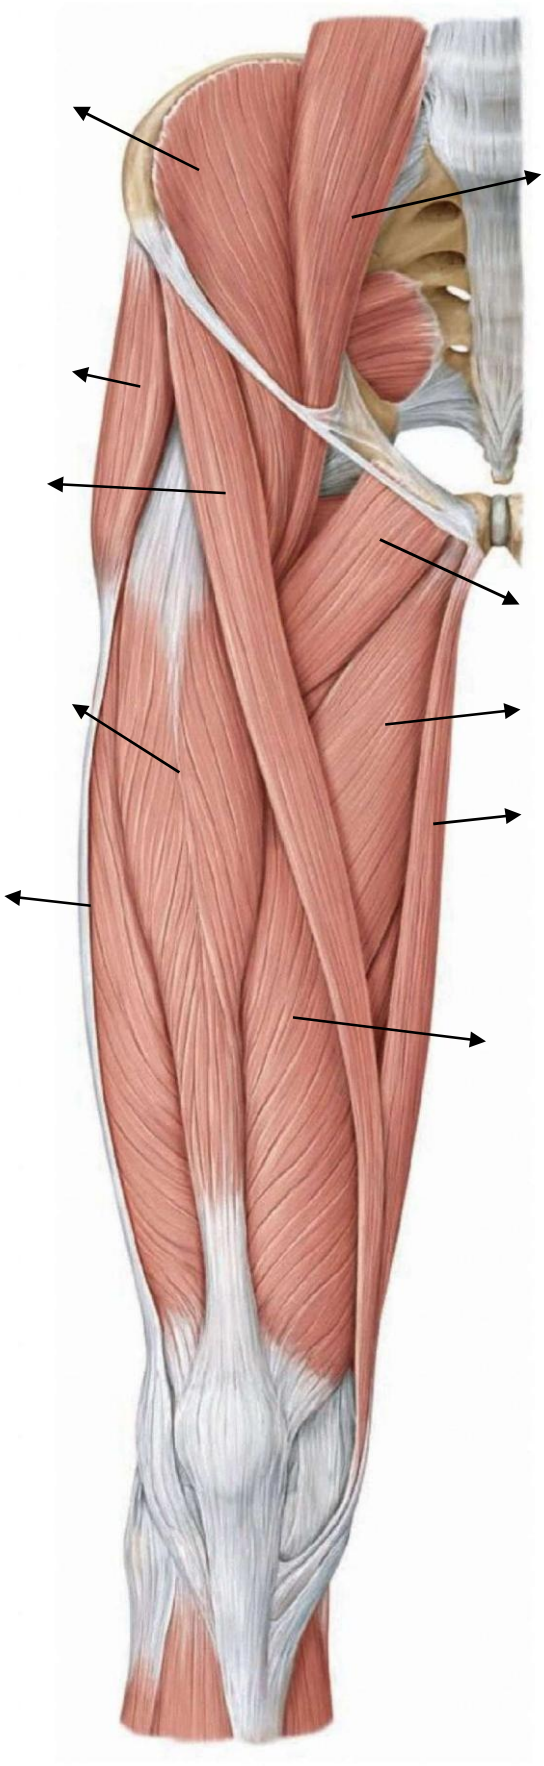

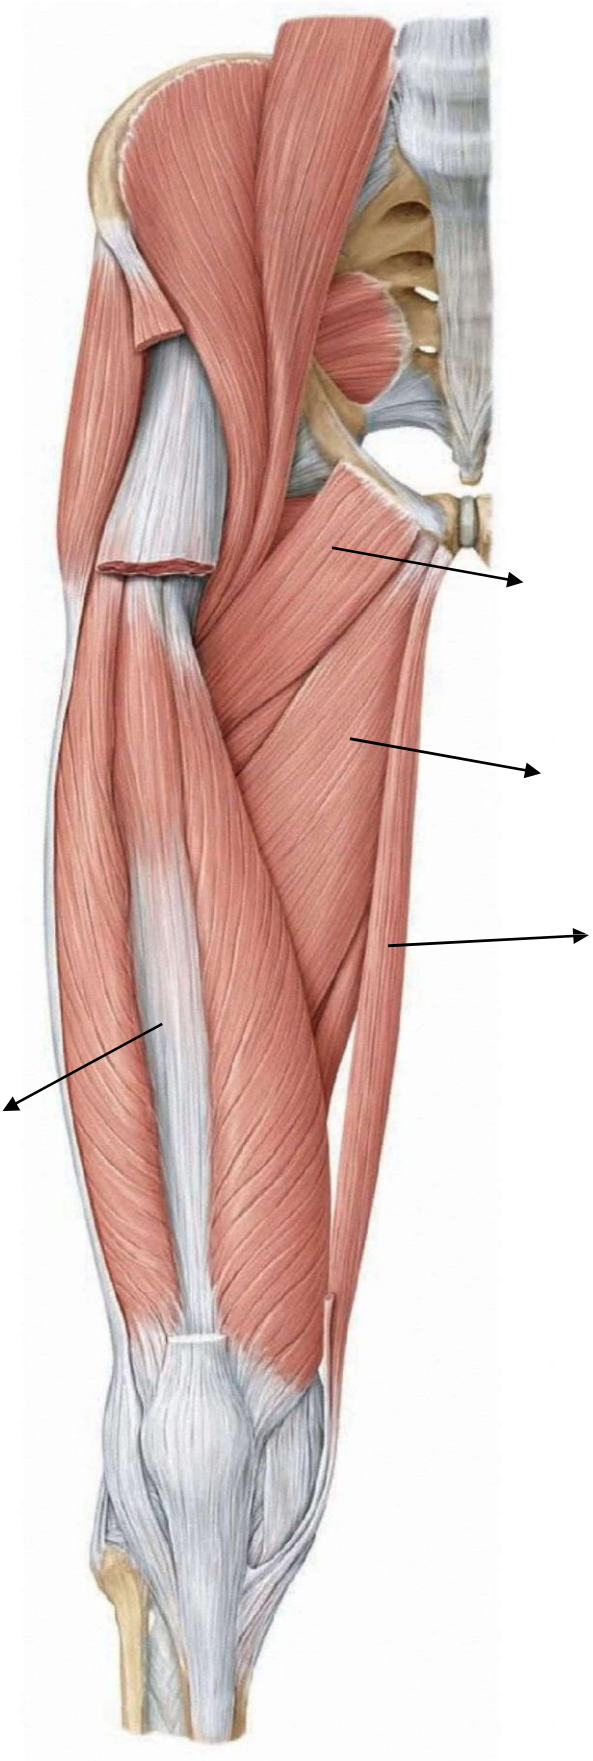

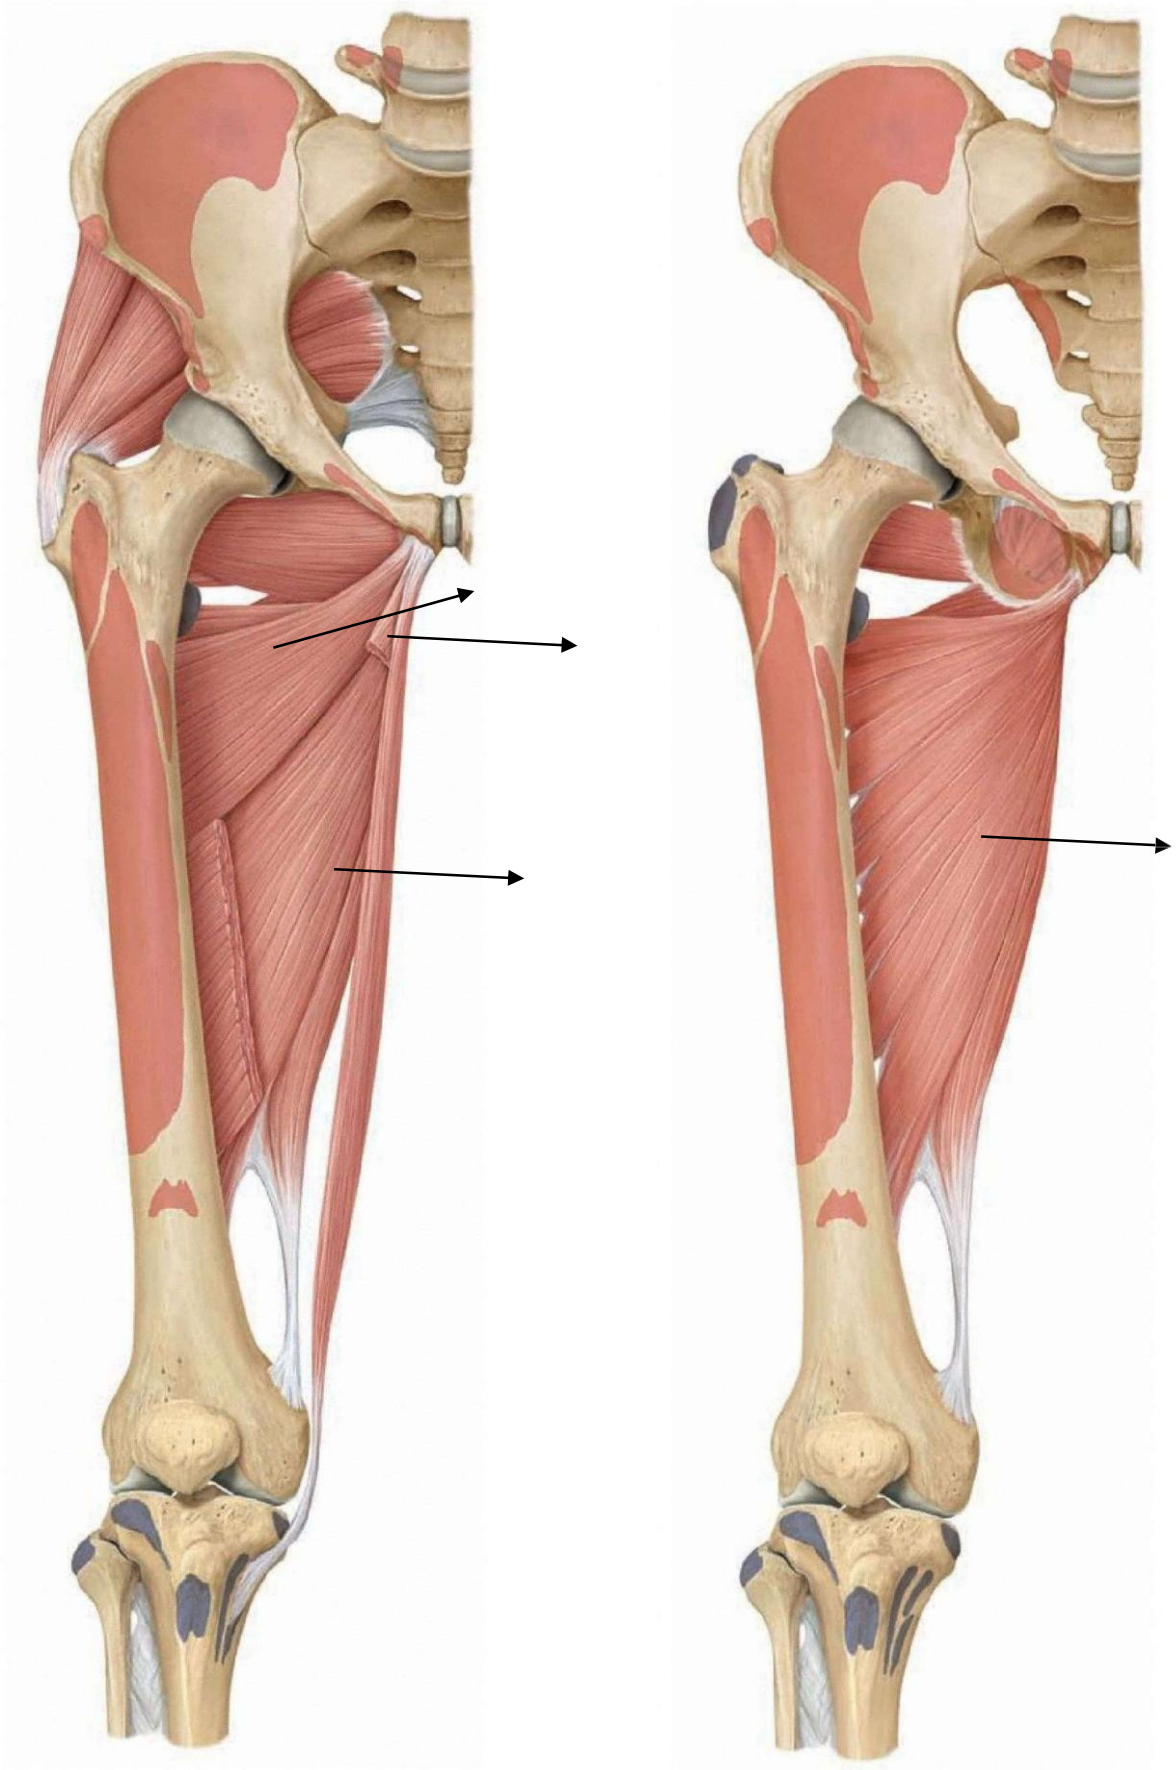

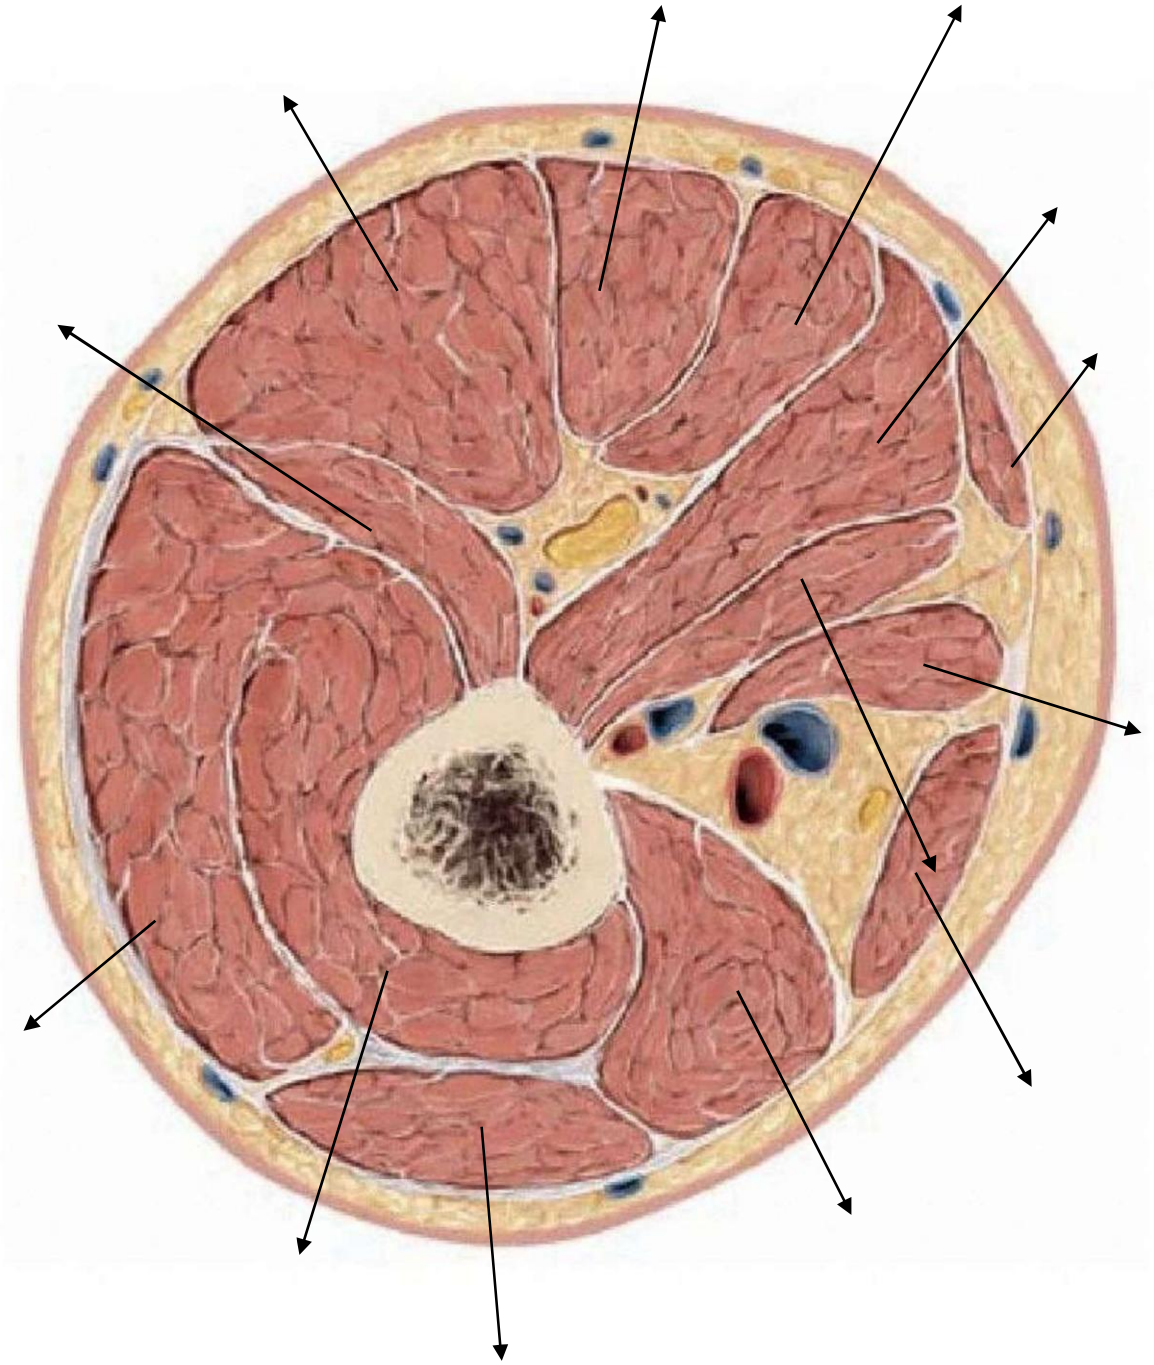

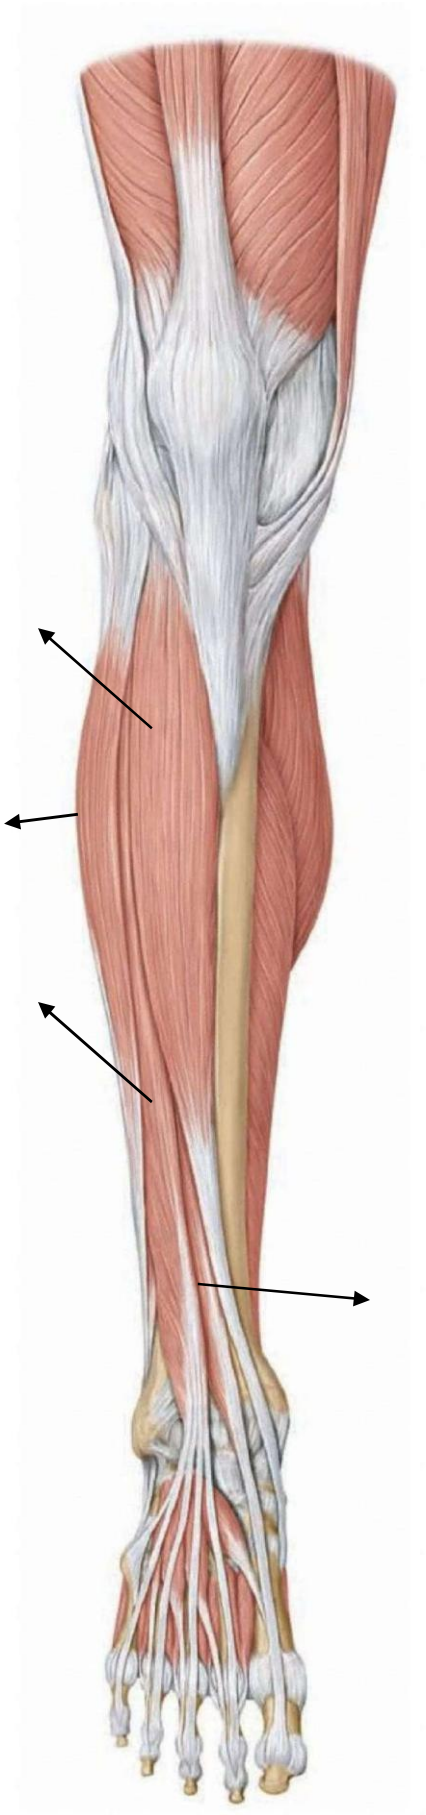

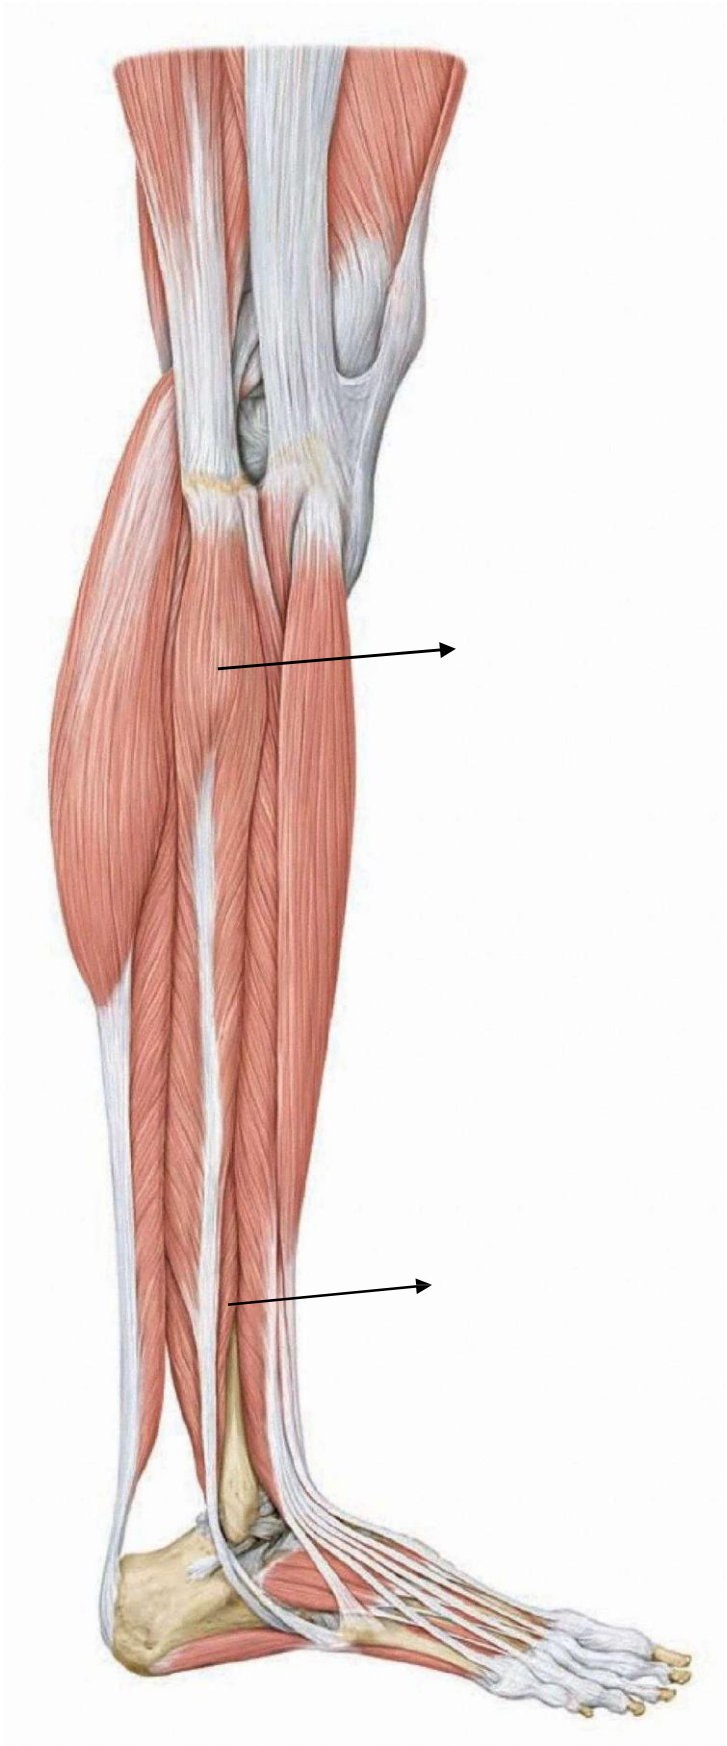

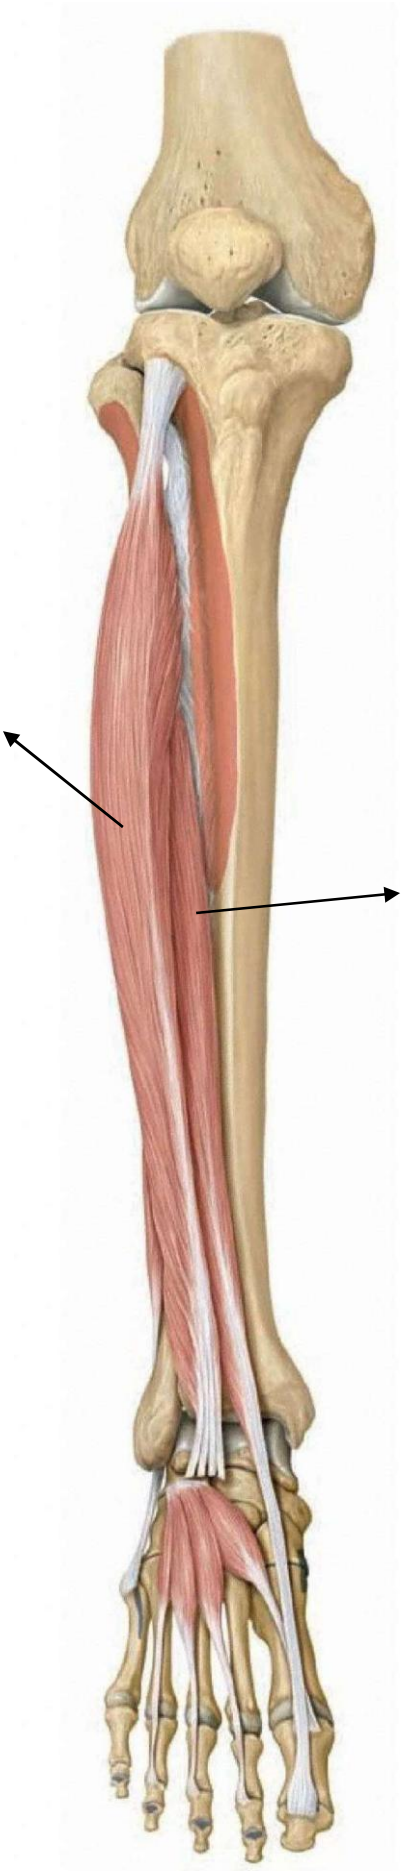

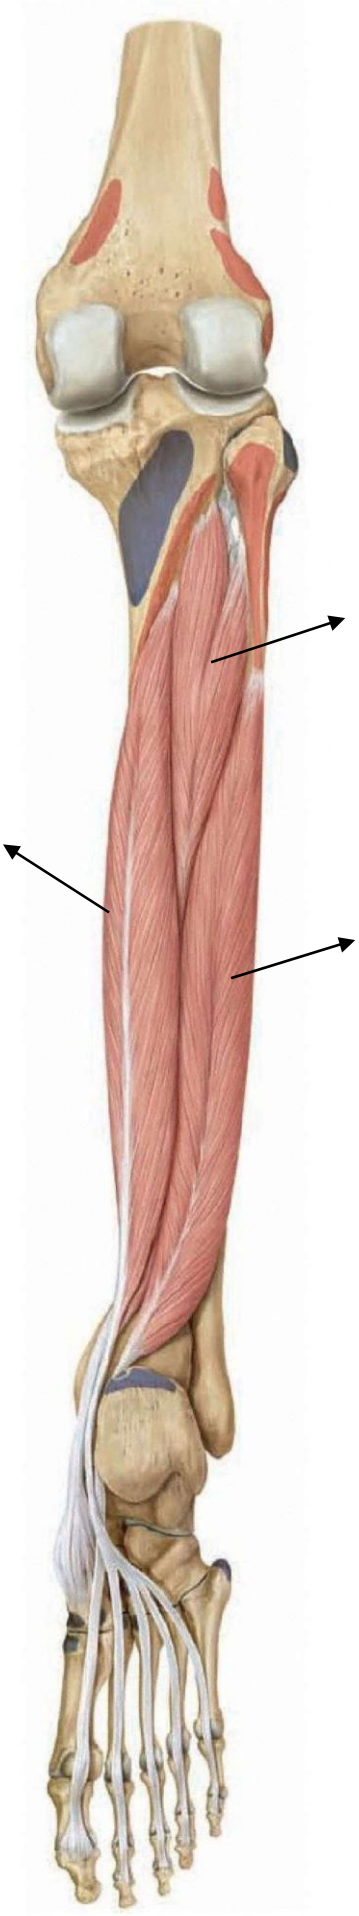

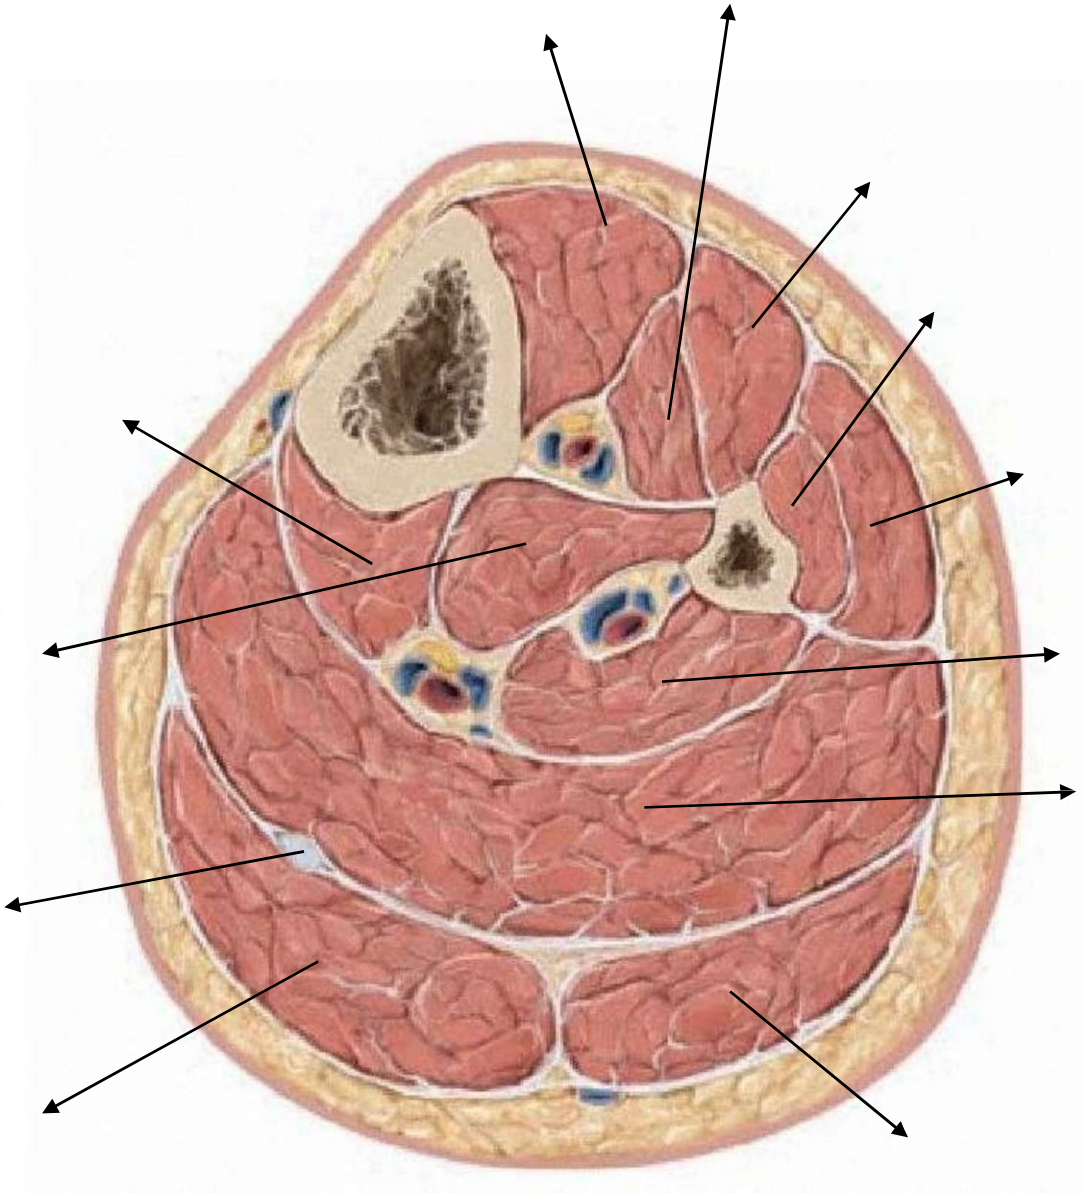

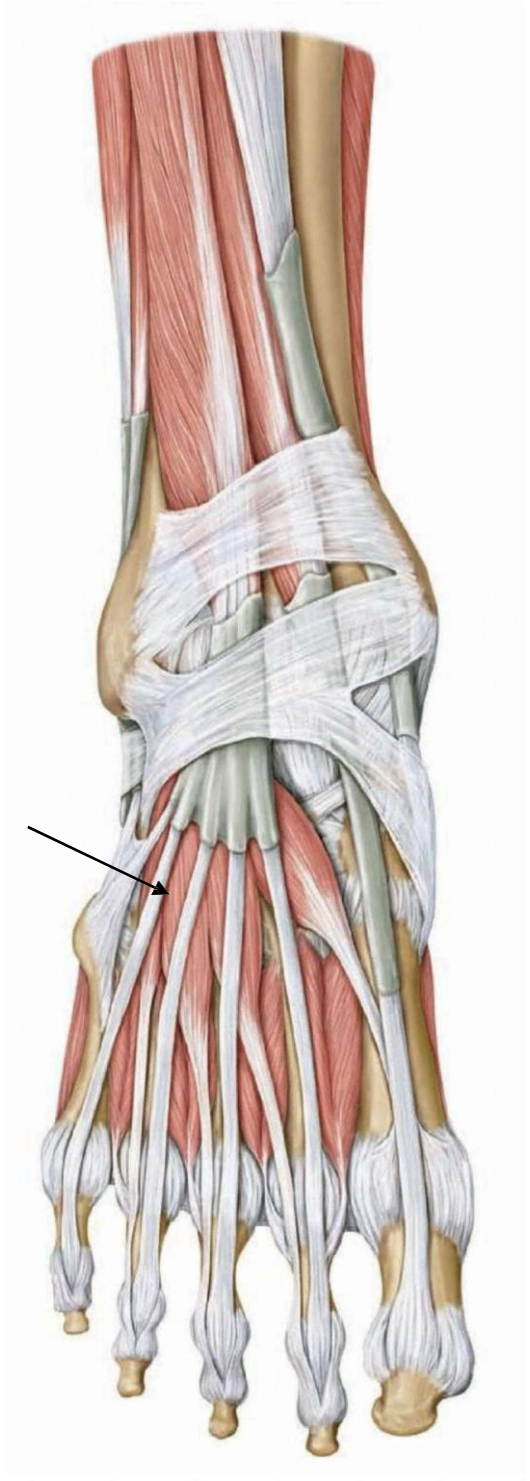

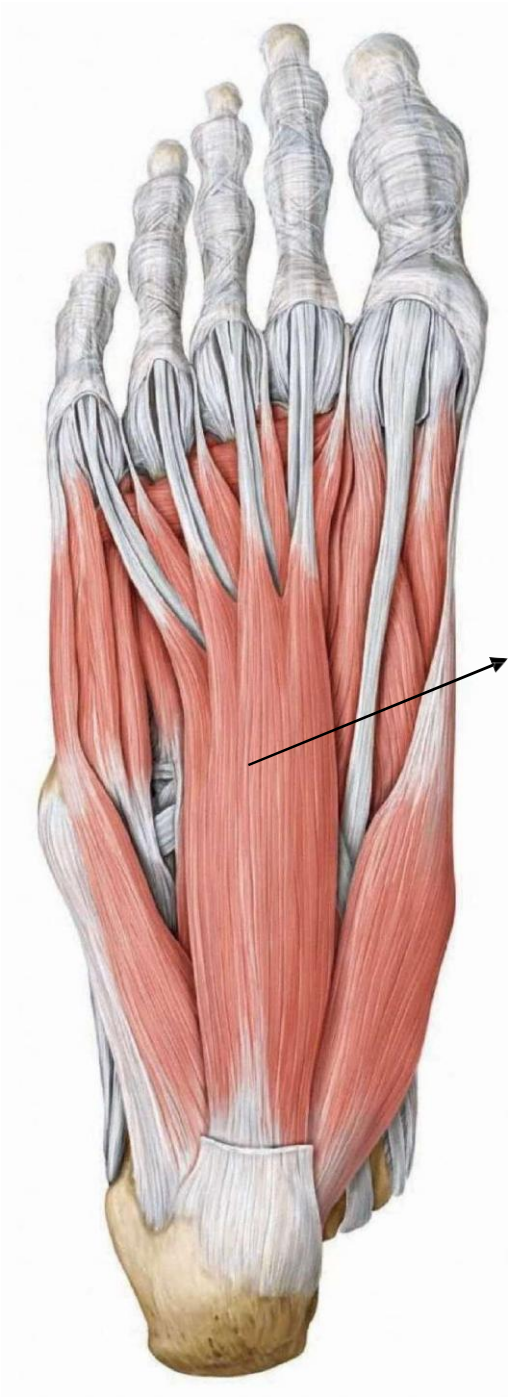

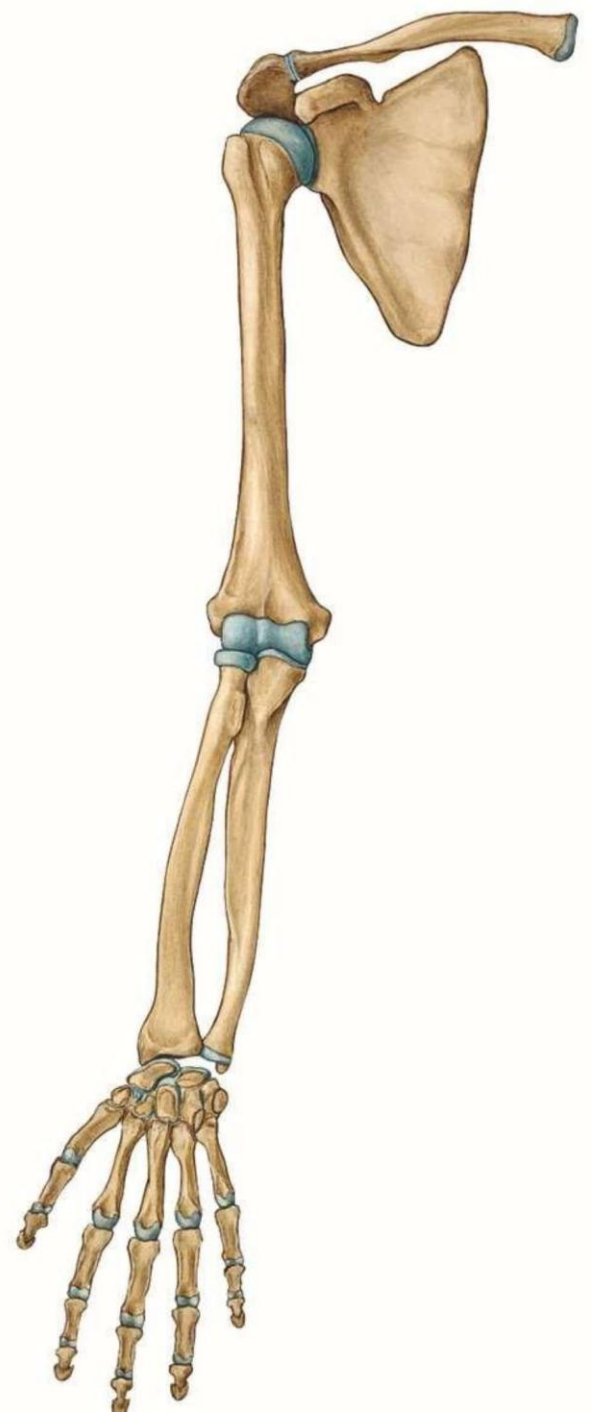

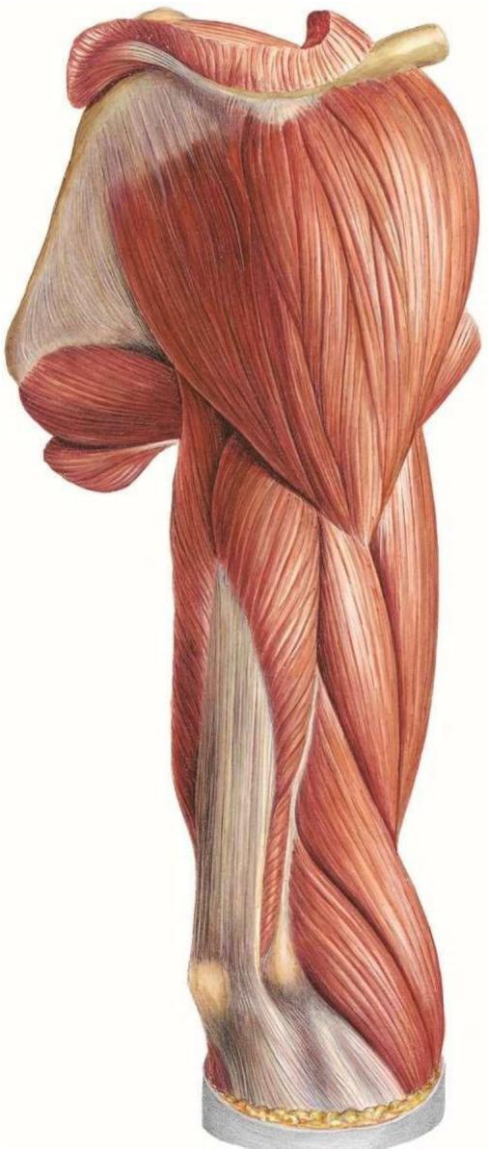

ANATOMÍA HUMANA

MANUAL DE PRÁCTICAS

PRÁCTICA 5: OSTEOLOGÍA Y MUSCULATURA DEL MIEMBRO SUPERIOR

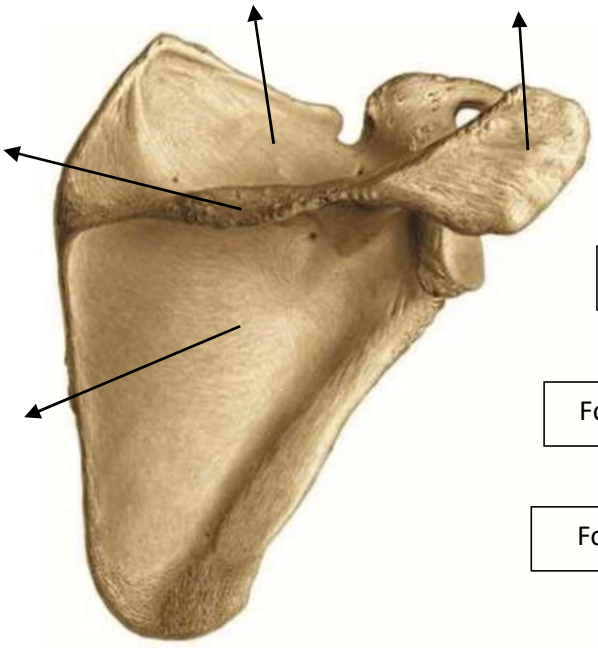

ESCÁPULA Y CLAVÍCULA

Fosa supraespinosa

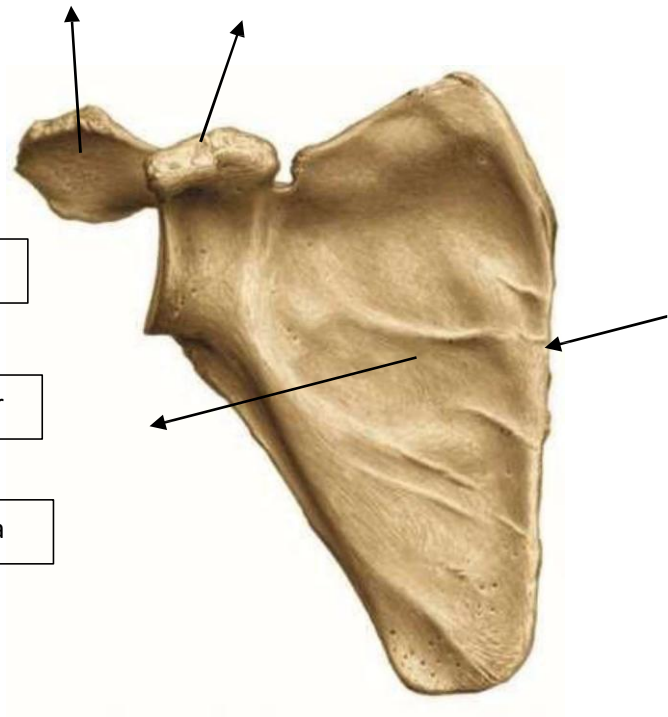

Apófisis coracoides

Acromion

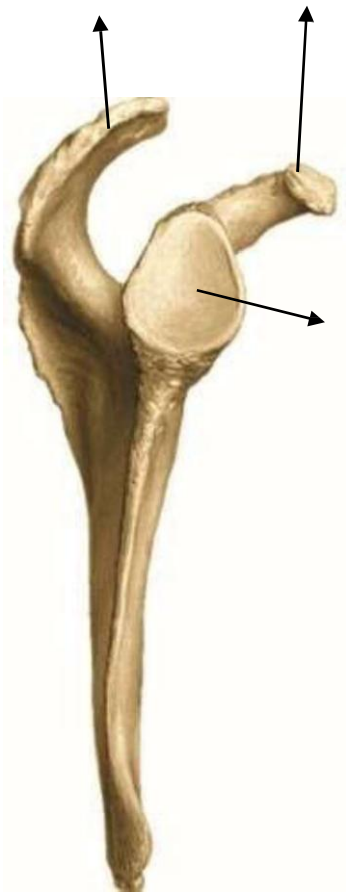

Fosa subescapular

Fosa infraespinosa

Espina de la escápula

Cavidad glenoidea escápula

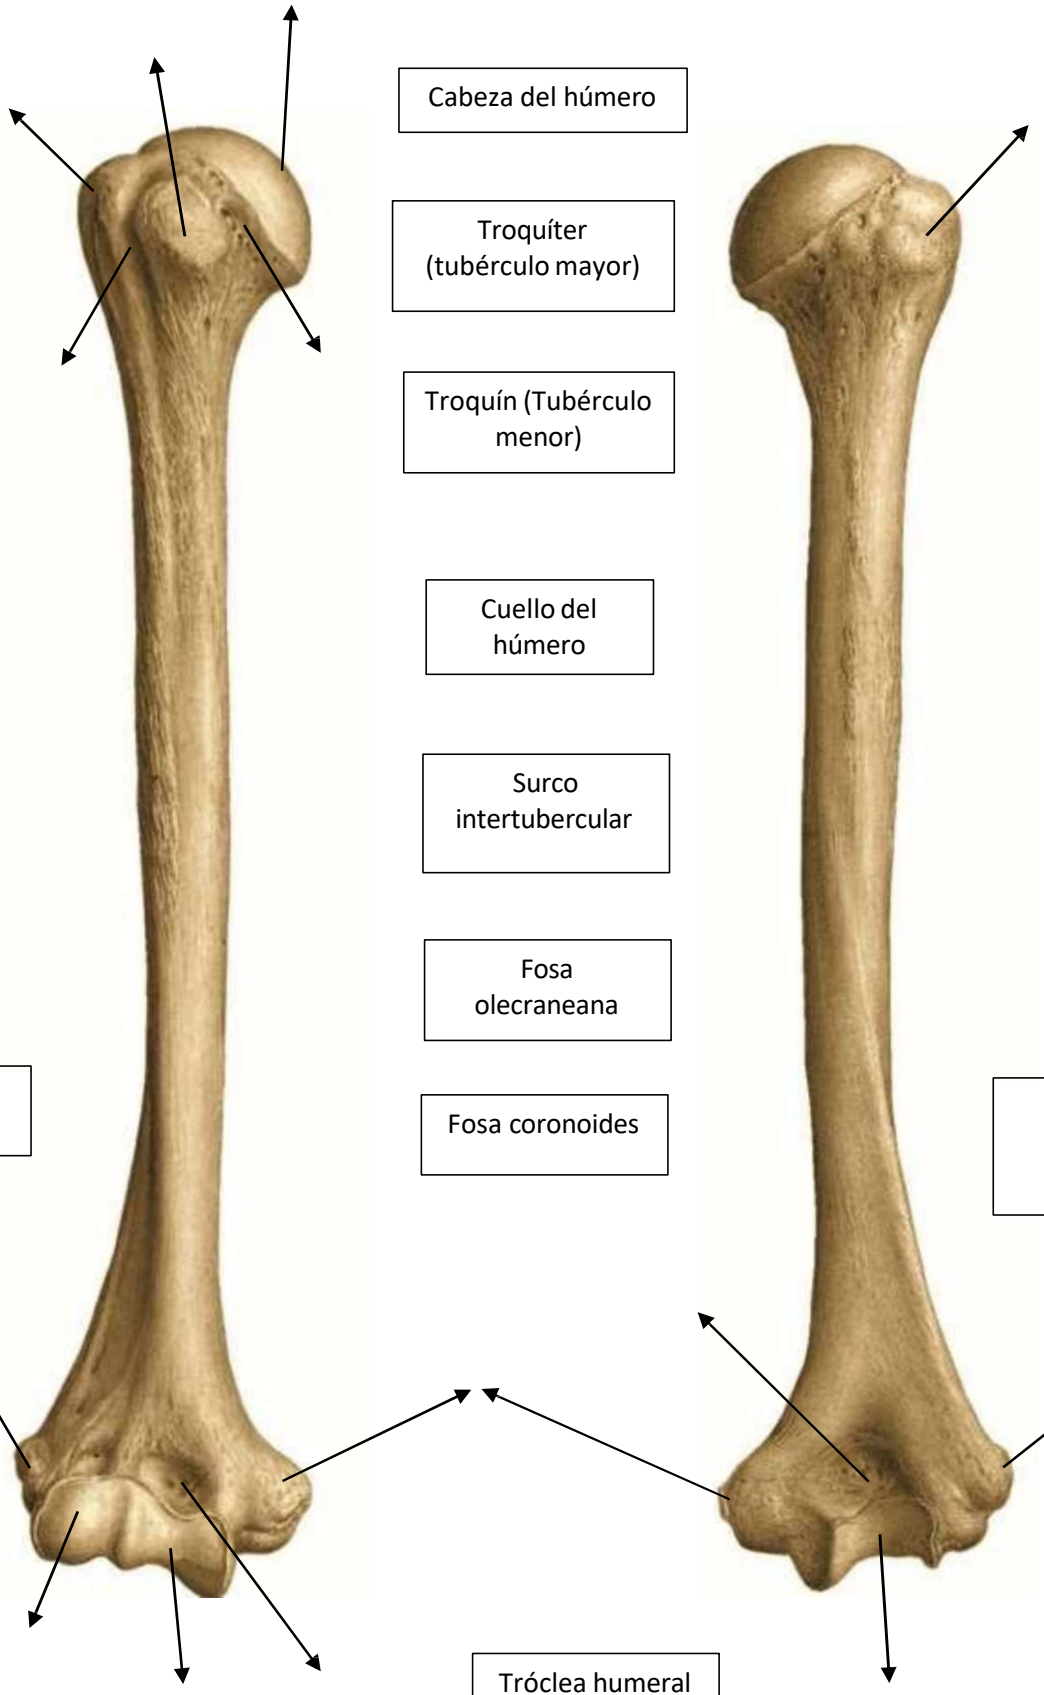

Extremo acromial de la clavícula

Extremo esternal de la clavícula

HÚMERO

Cabeza del húmero

Troquíter (tubérculo mayor)

Troquín (Tubérculo menor)

Cuello del húmero

Surco intertubercular

Fosa olecraneana

Fosa coronoides

Epicóndilo lateral

Epicóndilo medial (epitróclea)

Tróclea humeral

Capítulo húmero

CÚBITO

Olécranon

Apófisis coronoides

Escotadura troclear

Escotadura radial

Cabeza cúbito

Apófisis estiloides del cúbito

RADIO

Cabeza del radio (circunferencia articular)

Apófisis estiloides del radio

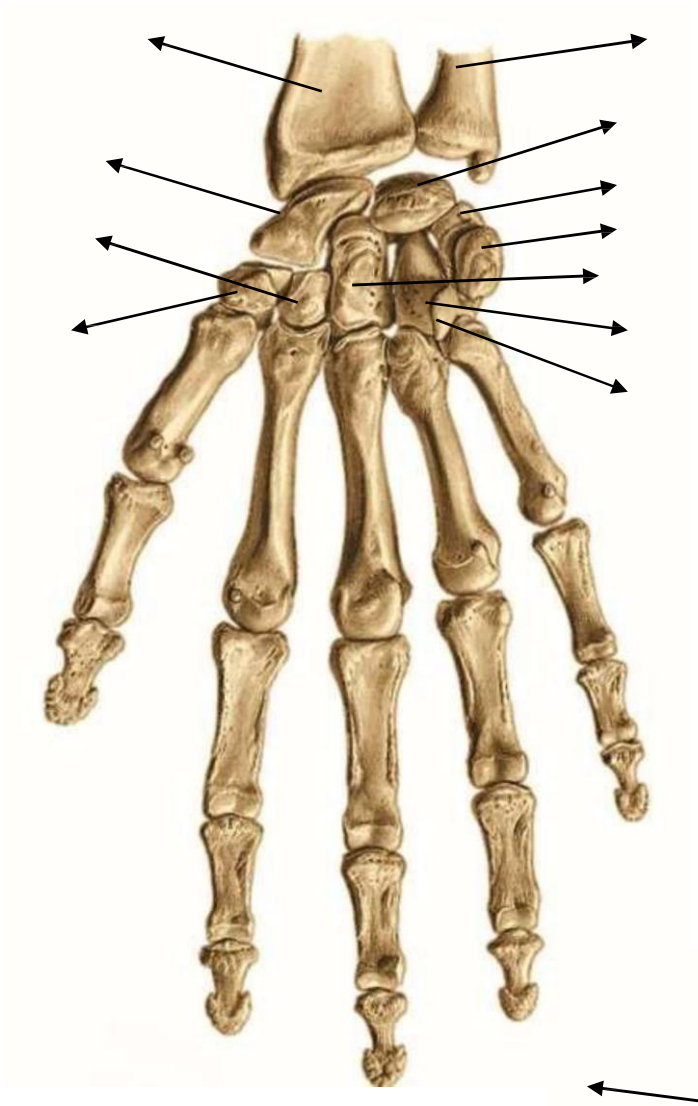

Fosita articular del radio

Tuberosidad del radio

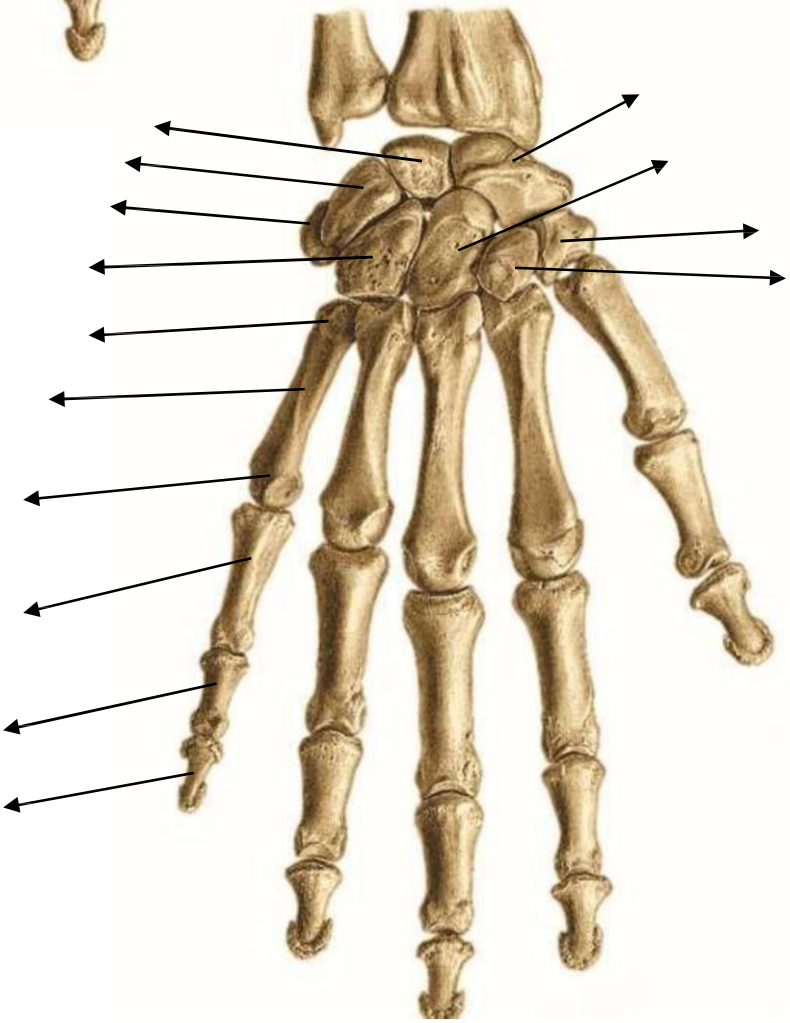

Carilla articular carpiana del radio

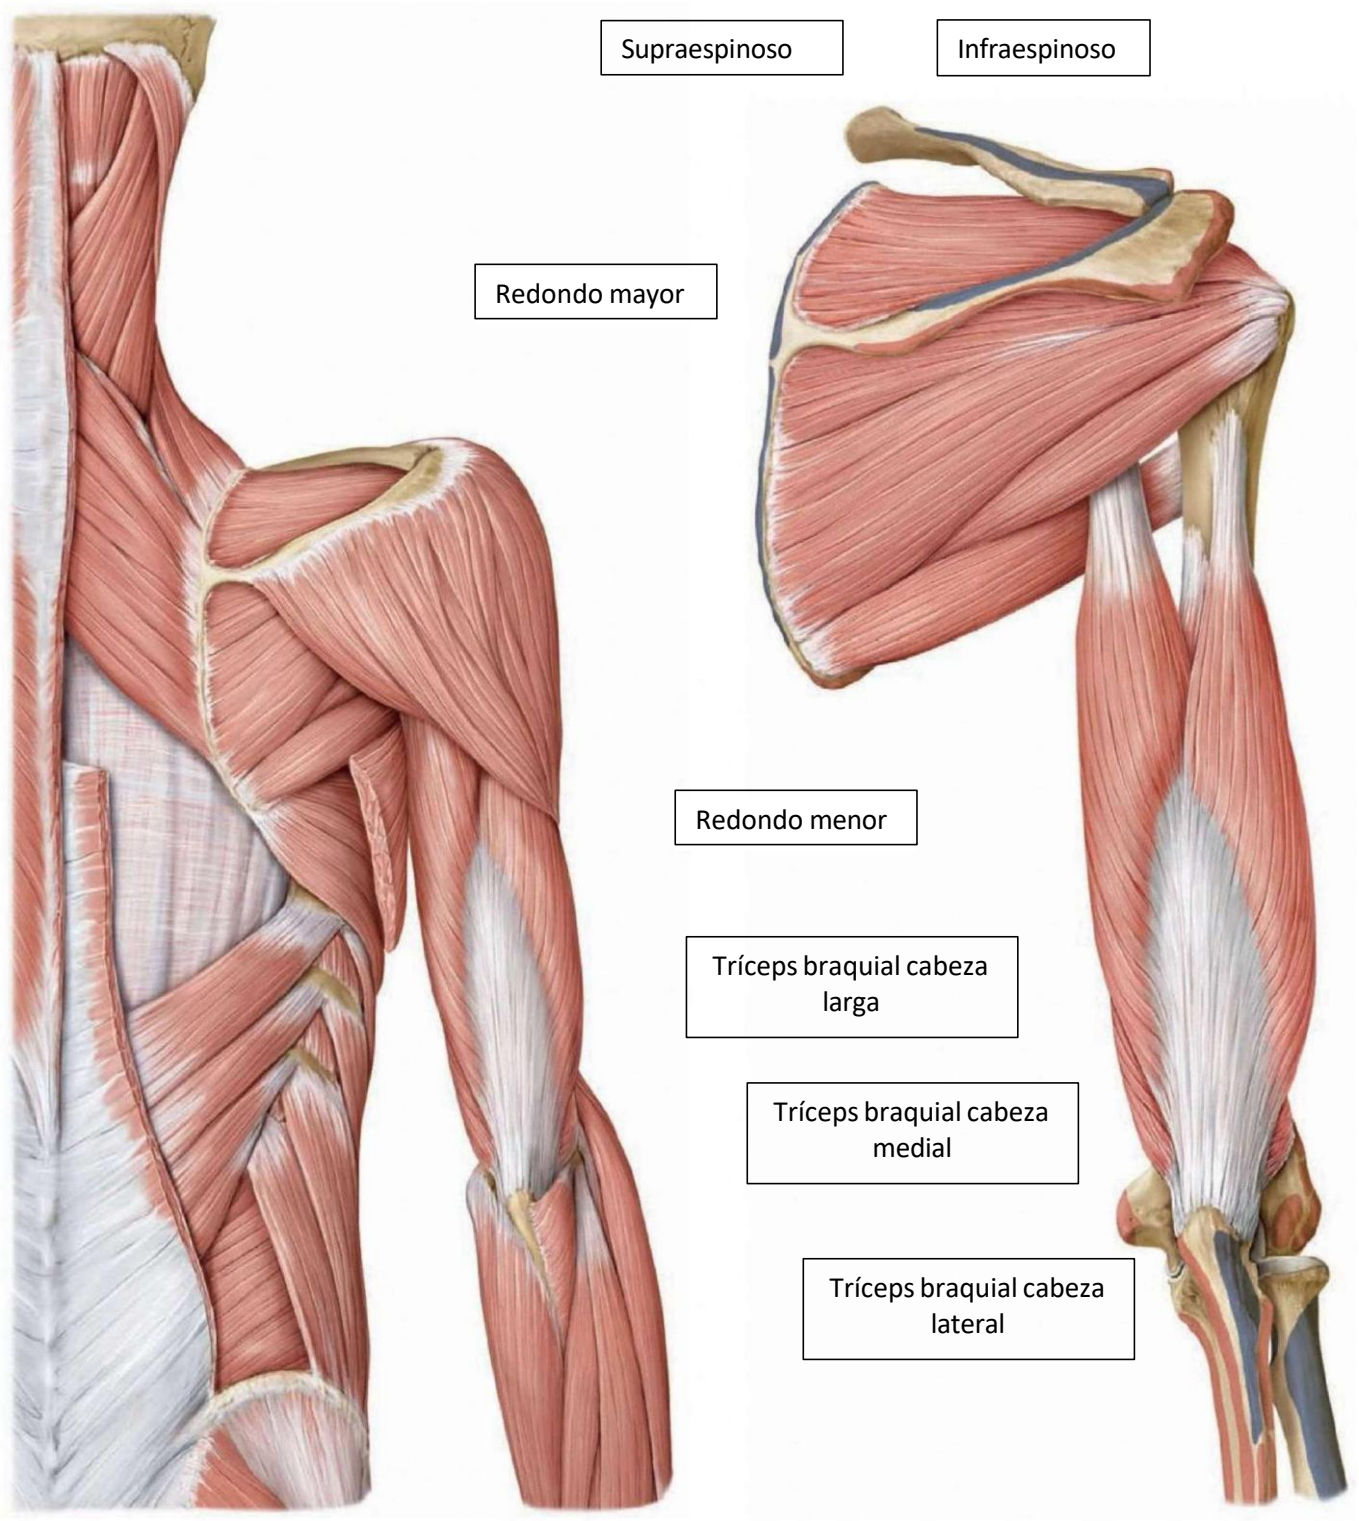

HUESOS DE LA MANO

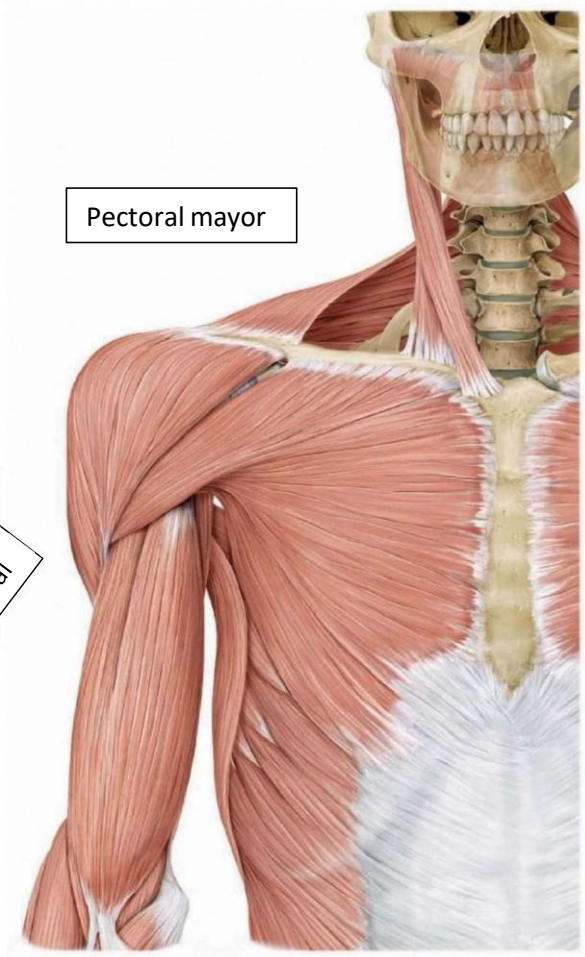

HUESOS CARPO:

Trapecio
Trapezoide
Semilunar
Escafoides
Hueso grande
Ganchoso
Piramidal
Pisiforme

Supraespinoso
Infraespinoso
Redondo mayor
Redondo menor
Tríceps braquial cabeza larga
Tríceps braquial cabeza medial
Tríceps braquial cabeza lateral

Pectoral mayor

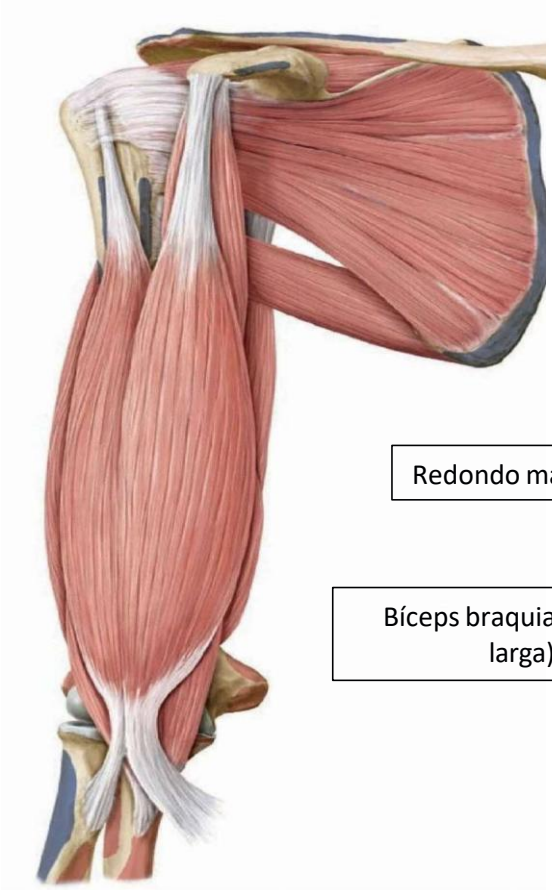

Bíceps braquial

Pectoral menor

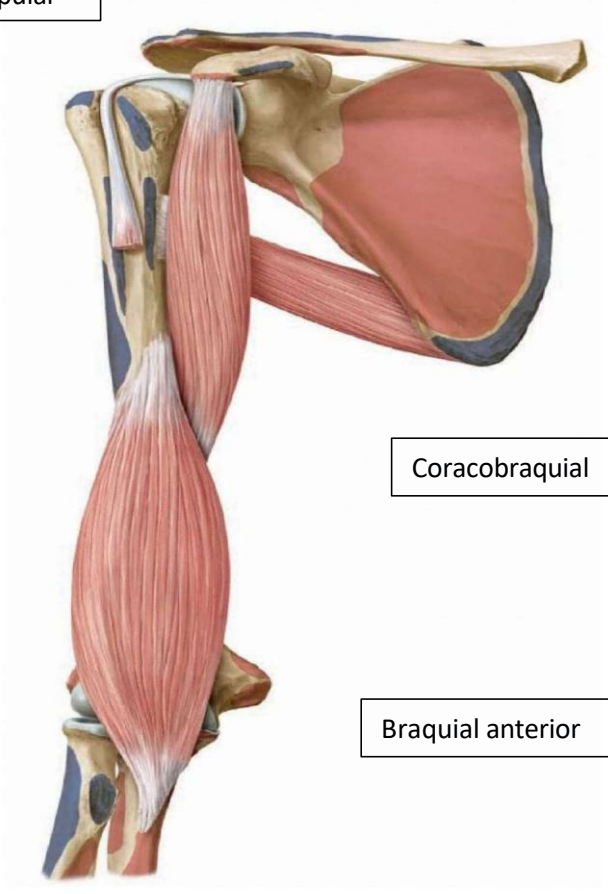

Bíceps braquial (cabeza corta)

Subescapular

Redondo mayor

Bíceps braquial (cabeza larga)

Coracobraquial

Braquial anterior

FLEXORES SUPERFICIALES DEL ANTEBRAZO

Braquiorradial

Pronador redondo

Flexor cubital carpo (Cubital anterior)

Palmar largo (palmar menor)

Flexor radial del carpo (palmar mayor)

FLEXORES ANTEBRAZO PLANO PROFUNDO Y MEDIO

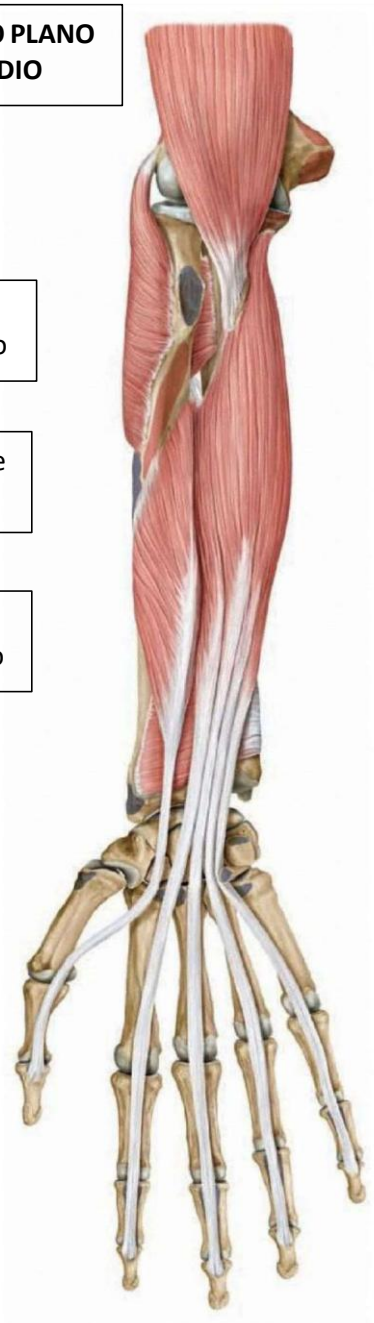

Pronador redondo

Flexor superficial de los dedos mano

Flexor profundo de los dedos mano

Flexor largo del primer dedo mano

EXTENSORES SUPERFICIALES DEL ANTEBRAZO Y RADIALES

Braquiorradial

Ancóneo

Flexor cubital del carpo (cubital anterior)

Extensor cubital del carpo (cubital posterior)

Extensor meñique mano (5° dedo)

Extensor radial largo carpo (Primer radial)

Extensor radial corto carpo (Segundo radial)

Extensor largo dedos mano

EXTENSORES PROFUNDOS DEL ANTEBRAZO

Supinador

Extensor radial largo carpo (Primer radial)

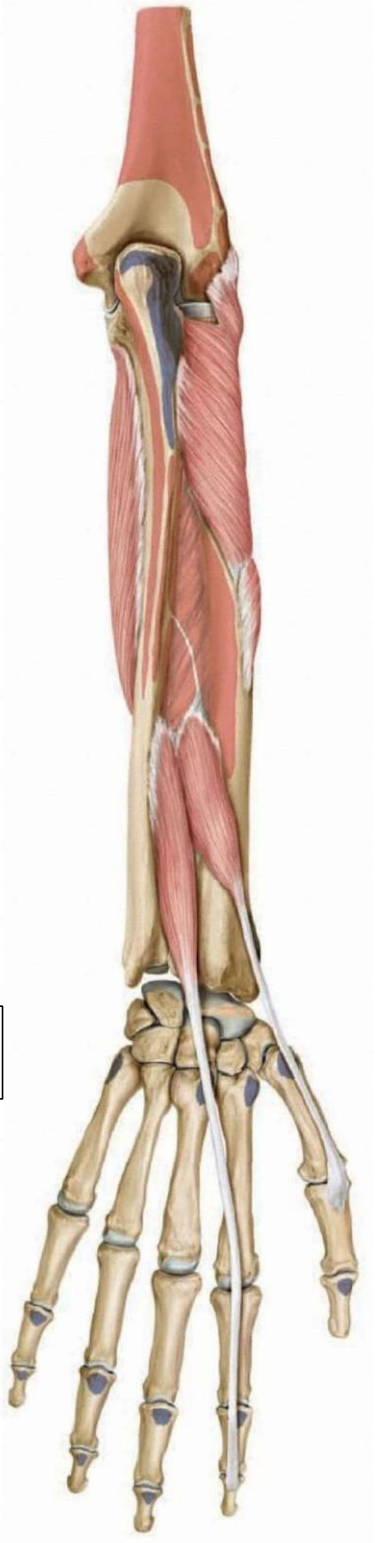

Extensor radial corto carpo (Segundo radial)

Abductor largo del pulgar

Extensor corto pulgar

Extensor largo primer dedo

Extensor del dedo índice (2° dedo)

MUSCULATURA DEL ANTEBRAZO

GRUPO FLEXORES (Parte anterior antebrazo en posición anatómica) FLEXIÓN PALMAR	1.Epitrocleares: -**Pronador redondo** **-Palmar mayor (flexor radial del carpo)** **-Palmar menor (palmar largo)** **-Cubital anterior (flexor cubital del carpo)** **Flexor superficial de los dedos** **Flexor profundo de los dedos y flexor largo del pulgar(1er dedo)** **Pronador cuadrado (pronación)** De más superficiales ⇩ A más profundos/intrínsecos
GRUPO EXTENSORES (Parte posterior antebrazo en posición anatómica) FLEXIÓN DORSAL	1. Plano superficial: -**Ancóneo** **-Cubital posterior (Extensor cubital del carpo)** **-Extensor propio del meñique(quinto dedo)** **-Extensor común de los dedos** 2. Plano profundo: -**Abductor largo del pulgar** **-Extensor corto primer dedo** **-Extensor largo primer dedo** **-Extensor propio del índice**
MUSCULATURA RADIAL	1. Plano superficial: **-Braquiorradial (supinador largo)** **-Primer radial (Extensor radial largo del carpo)** **-Segundo radial (Extensor radial corto del carpo)** 2. Plano profundo: **- Supinador corto (supinación)**
